20TH YEAR. NO. 125. EAST LIVERPOOL, O., WEDNESDAY, MAY 27, 1903. TWO CENTS.

HEALY STREET RAILWAY HEADED TOWARD LISBON

Three Miles of Line Up Little Beaver Creek Are Expected to Be Completed Before Fall.

CONTRACT LET FOR THAT PART OF WORK

L. W. Healy, general manager of the East Liverpool railway, made a positive statement to a News Review reporter this morning that the recent developments along the rights of way between this city and Lisbon, held by himself and associates, mean that the projected electric railway is to be built. As stated exclusively in the News Review yesterday Mr. Healy and Contractor McSpadden spent the afternoon looking over the proposed route between the East End and Island Run, three miles up Beaver creek.

It was learned this morning that Mr. Healy has interested several Scranton (Pa.) capitalists in the enterprise and they, with Mr. Healy, form the company, which is yet to be organized. Mr. Healy stated this morning that the United Power company was not concerned in any way. So far as is known the company has not been formed, and Mr. Healy is attending to its affairs personally. Just what the plans of the promoters are have not been divulged. The building of the road will require an expenditure of money greater than could be advanced by the few men now interested, and it is likely that the usual stock company will be formed at the proper time. The right of way is considered of such great value that the bonds of the company should be floated without great difficulty.

An agreement was reached yesterday afternoon between Messrs. Healy and McSpadden by which the latter is to take charge of the grading and other work of construction on that part of the road beginning at the present eastern terminus of the East Liverpool railway to Island run, about three miles up the Little Beaver. Mr. Healy stated that the building of the entire line was too great a task to be accomplished this summer, and instead of making an attempt in that direction he will undertake the completion for the portion for which the contract was made yesterday.

Contractor McSpadden has about 50 men in the city and they have been placed at work. He will increase this force to over 100 next week and expects to have the grading done and the rails laid before fall. The greatest difficulty in preparing the roadbed along the entire route will be experienced in reaching Island Run from this end of the line. The topography of the country is such that an unusual amount of cutting, excavating and grading is necessary.

Mr. Healy stated he expected to operate this part of the line as soon as completed.

PEOPLE TO VOTE ON $93,000

City Council Rescinds Former Action on the Bond Question and Provides for a Sum That Will Be Adequate to Meet Financial Needs.

When the people of the city vote for a bond issue some time in June it will be for $93,000 worth. Council so decided last evening, two of the three members who voted against the measure on the first recommendation having expressed a change of mind and wishing, before it was too late, to make a popular move with the people, rescinding their former action and supporting the issue for the entire amount.

The councilmen who voted against the measure were Johnston, Moon and Bullock. The latter was not present last evening when the question was brought up for consideration, leaving when he saw it was about to be taken up and returning after the vote had been taken on it.

Mr. Johnston offered the motion that the former action be reconsidered. He said that personally he was against any issue but for $59,000, which amount he thought sufficient to replenish the overdrawn funds, but having found that all of the heavy taxpayers and the great majority of other residents of the city were in favor of a larger issue he would not oppose them again. Mr. Barlow was very anxious to have the issue passed upon and he seconded the motion with dispatch. A member raised an objection to his action, stating that it was not legal, inasmuch as a measure killed cannot be revived unless a motion is made and seconded by parties exterminating it. Thereupon Mr. Moon offered a second and it was unanimously passed. Mr. Moon felt as did Mr. Johnston. He was against the measure, but knew the people wanted it and was willing to do their bidding.

A resolution was then passed declaring the issue dead and it was up for discussion again. Moon said, as it was the wish of council and the people to raise the amount, he was now in favor of raising it sufficiently to provide for the placing of a vault in the city building and repairing the latter extensively. For that he proposed that $2,000 be added. He brought to bear the argument that the documents of the city auditor, engineer and mayor are in danger at all times, and that the building is a disgrace to the city. His ideas conformed with those of the remaining councilmen.

W. L. Taylor, of the board of public safety, was present and asked for a word. Given permission, he stated that a couple of thousand dollars should be arranged for the board to allow money to furnish the new fire station on the Northside with apparatus. He was informed that $4,000 had been provided for the purpose of attending to that station.

At this juncture the discussion was near a close and President Horwell called for a vote, with the result that every member present voted for an issuance of $93,000 worth of bonds. The date for the election was not set, but it will not be on the date first designated, 15 days being required to intervene between the time a measure is passd and presented to the people for a vote.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Republican Clans Will Gather at Wellsville Tomorrow to Nominate Two Senators.

FOUR FAVORITE SONS IN THE RACE

It is safe to predict that the senatorial convention to convene in Wellsville tomorrow will be the most interesting held by the Twentieth-Twenty-second joint districts in years. Though Columbiana county is entitled by every right to one of the two places to be filled, it would seem this right is going to be denied it. Each of the four counties comprising the district has a candidate, and all will be in at the beginning whether they remain or not.

The delegates from Jefferson, Belmont, Harrison and Columbiana will assemble at Wellsville tonight, and it is just possible that a deal will be made whereby either Belmont or Jefferson will combine with Columbiana, and name the lucky aspirant. What makes the situation look more complicated to the well posted politician is the fact that there has existed a feeling between Jefferson and Columbiana counties which bids fair to play havoc with the latter's ambitions tomorrow.

Belmont has the retiring senator in the person of Hon. Frank B. Archer, and according to the time honored custom of the party, has no right to ask for the place, but she has a candidate and seems as much interested in his election as any of the others. Hon. J. C. Heinlein entered the race early from Belmont and the delegates from that county have been instructed for him. It is possible the Columbiana county men may induce him to get off the track, but none of them are sanguine enough to believe this can be done before at least a few ballots have been taken.

With the feeling existing in Jefferson against us, the leaders in this county do not hope to accomplish anything in that direction. Hon. M. N. Duvall is Jefferson's candidate, and though there is a hot fight against him from his own county headed by Congressman Gill, he will be at Wellsville with a line up of loyal supporters who will stay with him to the very last. Duvall is a Hanna man at heart, but is accused of playing double, and if this can be proven to the satisfaction of a sufficient number of the delegates, his chances for victory will be materially lessened. The Twentieth-Twenty-second district is known to be strongly for Hanna, and any attempt to break the ranks will be resisted to the very end.

If the fight in Jefferson is carried to Wellsville, and there is every indication that it will be some one outside is bound to profit by it. While Duvall did not run on that platform and is under no obligations whatever

POLICE COURT WAS VERY LIVELY

Four Victims Waltzed Before Mayor Weaver This Morning for Sentence.

LIVES WERE ENDANGERED

By Oscar Reynolds, Who Was on the War Path—Clergymen Present at the Hearing Were Much Impressed With the Proceedings.

Before a distinguished trio, each a clergyman, Mayor Weaver conducted police court this morning. Luckily it was one of the most interesting midweek tribunals held for some time and the visitors were given a treat. They had read and heard of how a victim is dragged into the presence of a magistrate, the pallor that steals across his face and his collapse when sentence is imposed but it was their first time to see the performance in reality. Two half empty flasks, discolored optics, bloated and toddy-blossomed faces made up a part of the spectacular production, and when the reverend gentlemen left the mayor's quarters they did not wonder why the atmosphere surrounding is not always sanctimonious.

The first culprit trotted into the little room was Oscar Reynolds. He was arrested early last evening by Officer Dawson and answered to a charge of drunk and disorderly. Had he been treated for what he might have done and what he came mighty near doing the longest sentence provided by law would undoubtedly have been imposed. But justice is Mayor Weaver's hobby and the fellow got off with $5 and costs. When arrested Reynolds had a few minutes previously been implicated in a fight in Diamond alley and had just made a desperate attempt to demolish the big plate glass in the building of the Southside land company. He had come sauntering up the alley, and being seized with an attack of maliciousness, grasped a beer bottle and threw it with all his power at the window.

The missile struck the sill and fell to the bricks broken into a thousand pieces. Had it struck where intended, Superintendent Ahrendts and Messrs. Maxwell, Flood, Strauss and others of C. A. Smith's office would most certainly have suffered serious injury. Officer Dawson heard the clash of breaking glass and was on the scene in a moment but had quite a chase in capturing the individual. A large crowd assembled at the patrol box and Reynolds appeared frightened out of his wits at the mob.

Con O'Donald, anything but a novice at the art of hiding booze, was the next to encounter the ordeal. He had been lodged behind the bars by Officer Morris, who found him in a beastly state of intoxication on a principal thoroughfare. Tottering from the effects of a ripe age and trembling as the result of a debauch and his arraignment, he rather appealed to the mayor and was fined the minimum, $1 and costs. He was about penniless, but made arrangements to pay in a few days and was released.

John Stillwell, the painter who was thrown out of employment as the result of action taken by the journeymen painters, became disheartened last evening over his prospects for work in the city and having suffered for some time with the colic that is incident to the troubles of his craft, started out to drown all discomforting thoughts in the hoary topped bowl and finally met Officers Dawson and Aufderheide. He had forgotten all about trouble and was making the night hideous with his jubilant cries when taken into custody. He explained the entire situation to the mayor and promised to leave the city instanter if discharged. The limit, ten minutes, was given him to make good his word and the last seen of him was his frock coat swaying in the breezes at the west end curve of the C. & P. track.

Enoch ("Nocky") Smith had been having troubles with his wife and other members of the family. Chief Wyman placed him under arrest last evening while the street in front of the Smith domicile, Fourth street, was crowded with people who had been listening for hours and watching the maneuvers of the family. "Nocky" said at the hearing that "Her was all to blame." "Her had tried to break his head with a bowl and her had choked and beat him in a terrible manner." Mrs. Smith denied the allegation, saying: "'E caused the trouble." In consideration of the fact that the neighborhood had been so stirred the mayor imposed a fine of $6 and costs. He sort of took the case as a proportion of six of one and a half dozen of the other and if it is continued both man and wife will get a severe dose.

A daughter of Smith appeared at the office of 'Squire McCarron and asked that she be allowed to file a suit of replevin in order that she might get certain household goods from her stepmother that belong to her father. The justice refused.

MRS. BARTH HELD UNDER $100 BOND

She Pulled Mrs. Stevens' Hair, Scratched Her And Made Threats.

Mrs. Barbara Barth, before 'Squire McLane yesterday afternoon, charged with assulting her neighbor, Mrs. Johanna Stevens on Sunday last, was bound over to court in the sum of $100. She gave security and was released. There was quite a crowd present at the hearing. The troubles of the families of both, who live on adjoining farms a short distance west of the city, were made public and it was shown that there has been more or less agitation between the parties for some time.

Mrs. Stevens proved that Mrs. Barth pulled her hair and scratched her eyes and had threatened to do even worse. Both women had trouble in keeping apart all day Monday, and as a result Mrs. Stevens thought it best to have the case settled by law.

MADE THE FINE LIGHT

Joseph Armshaw Must Pay $1 And Costs for Quarreling With the Starkeys.

The first chapter in the Starkey-Armshaw case was concluded by Mayor Weaver yesterday afternoon when he assessed Joseph Armshaw, charged with disorderly conduct, $1 and costs. The defendant was represented by Attorney John McGarry and the state by Attorney Hill. A number of witnesses were examined and the mayor finally decided that the young man was guilty of the charge, but did not consider the case a malicious one and made the fine as small as possible.

Owing to the sickness of Mrs. Armshaw her case will not come up for trial until next week. At the hearing it is expected that the troubles of the Starkey and Armshaw families will be well aired. Mrs. Armshaw is expected to sue the Starkeys later.

May Fight the Case—Michael Clorran, the saloonist of Sixth street, will appear before the mayor tomorrow evening to answer to the charge of keeping his saloon open on Sunday. It is understood that he intends fighting the case and in anticipation of that the charge has been made under the state law, which if he be found guilty will insure him a sweet dose.

Estimates on Equipments.

New York, May 27.—(Special)—The Westinghouse Electric & Manufacturing company are giving estimates on contracts for the electrical equipment of the Youngstown & Southern Electric railway which is to run from Youngstown to East Liverpool.

Nuzum Still Lives.

Lisbon, May 27.—(Special.)—Frank Nuzum, who was shot at Elkton a week ago, is still alive. He passed a restless night and the physicians still have no hope for him.

THE PROHIBITIONISTS IN STATE CONVENTION

Local Delegates Prominent in the Deliberations at Springfield.

Springfield, O., May 27.—(Special)—The state Prohibition convention is meeting here and is expected to make nominations today. Among the delegates are E. H. Brosius, of Alliance; Rev. W. H. Beynon, Youngstown; S. J. Faulk and C. F. Bough, East Liverpool and Joseph R. Stratton, Salem. A feature of the preliminary organization was the presentation of a gavel to the temporary chairman by a prominent ex-confederate soldier. The delegates were addressed last evening by O. W. Stewart, of Chicago, national chairman.

The Eighteenth district delegates organized by electing S. J. Faulk, of East Liverpool, chairman, and J. R. Stratton, of Salem, secretary.

MATTERS OF IMPORTANCE FOR THE SAFETY BOARD

Will Come Uu for Consideration at the Meeting to Be Held This This Evening.

The board of public safety will hold its regular weekly meeting this evening. A member stated this morning that many matters of importance are to be considered and that the session will likely be of considerable length.

Though two members were requested to compile a set of rules and regulations it is expected that they will not have finished the work, it being a more stupenduous task than anticipated.

A Free Lecture Tonight.

Frank P. O'Hare, of New York city, who is now touring the country lecturing on questions of the day, arrived in East Liverpool today from Canal Dover, where he talked to a large and attentive audience on the labor question last night. Mr. O'Hare holds to the belief that the criticisms which are leveled at such men as Mr. Carnegie, Mr. Morgan or Mr. Clauss, are wrong; that the fault lies not with them, but with the working people. He is an old newspaper man, and of late years has been connected with some of the largest corporations in the country. He will speak in the open air at 8 o'clock tonight in the Diamond.

Remanded to Jail.

Lisbon, May 27.—(Special.)—Robert Nace, charged with stealing $6 worth of tools from O. J. Davis, of Lisbon, had a hearing before Justice Dickinson last evening. He pleaded not guilty and was bound over to court. He was unable to give $100 bond and was remanded to jail.

High School Picnic.

Lisbon, May 27.—(Special.)—The annual picnic of the Lisbon high school will be held at Shelton's grove next Tuesday.

GIRLS' ESCORTS LOST IN THE CITY

Came from Beaver Falls And Were Not Familiar With a Large Town.

Two couples, Messrs. Hamilton and Anderson and Misses Barnes and Matell, all of Beaver Falls, drove to the city last evening and while enjoying themselves met with an unfortunate accident. They were preparing to return home at an early hour and headed the horses up Cook street. Arriving at the end of the thoroughfare they found no opening and in attempting to turn around the rig was broken. The men left the girls watching the horses while they went on a hunt for assistance and got lost.

The girls became frightened and when Officer McDermott arrived on the scene graciously accepted his invitation to take them to a hotel for the night. The rig was taken to John Rinehart's livery stable. Contrary to the report of a morning publication the men did not desert the girls and were very sorry that they got lost. The rig was called for by the men this morning and the quartet left for their homes.

COL. BREWER DEAD

The Man Indicted for Manslaughter Will Have His Trial Before a Higher Court.

Tiffin, May 27.—(Special.)—Colonel Albert Brewer, formerly a prominent pottery manufacturer, who was to be tried on June 15 on a charge of manslaughter, for killing Luther A. Hershey in a quarrel, died of heart disease this morning.

Probate Matters.

Lisbon, May 27.—(Special.)—John J. Kerr, as administrator of the estate of the late William Taylor, of Liverpool township, has been given an order for the private sale of real estate to pay the debts of the deceased.

The late Joseph Brown, of Madison township, left no will. His widow, Elizabeth M., and his daughter, Margaret Moore, are appointed executors. Bond, $6,300.

Inspecting Roads And Bridges.

Lisbon, May 27.—(Special.)—The commissioners are in the vicinity of Columbiana today inspecting the stone work of several bridges, where repairs are needed. They will also inspect a hill which the county is asked to grade.

Married in Probate Court.

Lisbon, May 27.—(Special.)—Ellis L. Hiestand, aged 25, of Mahoning county, and Miss Lizzie A. Denny, aged 19, of Columbiana county, were married in probate court this morning by Justice Lodge Riddle.

Working on the Survey.

Lisbon, May 27.—(Special.)—The surveyors for the Youngstown & Southern railway are now working between Columbiana and Leetonia.

VALIDITY OF A SALE IS IN DISPUTE

Litigation Over a Trasaction Made by an East Liverpool Executor.

Lisbon, May 27.—(Special.)—Motion and demurrers were heard by the court today in the case of A. C. Smith, of East Liverpool, as administrator, against James Donkin and others and George Goodwin. It is the claim of the plaintiff that a sale made by A. H. Clark, as administrator of the estate of George Hallam, deceased, did not convey a good title, as the will gave A. H. McCoy and Fred G. Croxall authority to sell. On their resignation Mr. Clark was appointed administrator.

It is claimed that the real estate was sold at much less than its value; that the administrator did not give any bond to account for the proceeds of the sale; that no order from the probate court was obtained to make a sale, and that the authority to make a sale of real estate was a personal trust imposed in the executor's name in the will and did not pass through an administrator appointed by the court.

George Goodwin, William Kent and William Erlanger, East Liverpool men interested in the case, were present.

Cole-Matthews.

Miss Mary Cole and Howard E. Matthews, both popular young people of this city, were married last evening by 'Squire J. N. Rose in his office at 8 o'clock.

Licensed to Wed.

Lisbon, May 27.—(Special.)—Charles E. Triem and Mrs. Maggie Spiker, of Salem, have been licensed to marry.

WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoisseurs of every country would consider their collections incomplete without some specimens of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 40 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will hear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

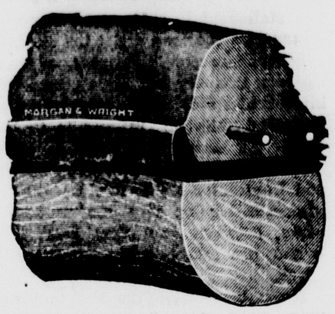

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6-year-old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new Routts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

Were Not Married.

The statement printed this morning in a local newspaper that Miss Inez Howard and Wilse Orr were married at Calcutta Sunday is vigorously denied. Interested parties say there was absolutely no couse for such a story. It has caused them no little annoyance and embarrassment.

Scraper at Work.

The big scraper from down town was in operation on St. George street today. This is the first time the machine has been used in the East End. Much work is being done on the East End thoroughfares and they are in better condition now than for many months.

EAST END AFFAIRS.

Robert Larkins has sold one of his fine gray colts to Dr. O. D. Shay.

The clay department at Laughlin No. 1 suspended operations this morning owing to break in the lawn.

'Squire L. W. Carman returned last evening from Independence, Pa., where he has been spending several weeks on a business mission.

Adaline, the 2-year-old daughter of D. Frank White, of Railroad street, was taken seriously ill this morning at an early hour and for a time her condition was critical. She is better this afternoon.

A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

Will Address Alumni.

Lisbon, May 27.—(Special.)—Supt. H. M. Crooks, of the Lisbon schools, will make the address at an alumni banquet in East Palestine tomorrow evening.

"It was almost a miracle. Burdock's Blood Bitters cured me of a terrible breaking out all over the body, and I am very grateful." Miss Julia Fillbridge, West Cromwell, Conn.

Catarrh and Hay Fever.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such treatment. Many physicians are using and prescribing it. All the medicinal properties of the celebrated Cream Balm are contained in the Liquid form, which is 75 cents, including a spraying tube. At druggists, or by mail. Ely Bros., 56 Warren street, N. Y.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F. Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

AGAINST MRS. GREEN

Charges Are Filed By East Liverpool Officers in Court at Steubenville.

Steubenville, May 28.—In the suit of Charles Green, a potter of this city, vs. Frances Green, of East Liverpool, two affidavits have been filed, one each from Officers Morris and Dawson, of that city, who say that Mrs. Green's reputation is bad, and that they have often seen her in the company of women of bad repute. They say that she is staying at present at a house of questionable character in East Liverpool.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

Storm in Michigan.

North Branch, Mich., May 27.—A tornado passed over this section, entailing a property loss that will amount to thousands of dollars and causing the more or less serious injury of several persons. The Pontiac, Oxford and Northern railroad depot and freight house and the mammoth hay barn of the North Branch Grain company were demolished. Reports from Decatur, Reading, Lansing, Boral, Emmet and Deckerville say the storm did much damage in those localities.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoisseurs of every country would consider their collections incomplete without some specimens of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 49 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will bear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6-year-old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new Routts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

Catarrh and Hay Fever.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such treatment. Many physicians are using and prescribing it. All the medicinal properties of the celebrated Cream Balm are contained in the Liquid form, which is 75 cents, including a spraying tube. At druggists, or by mail. Ely Bros., 56 Warren street, N. Y.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration an l lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

AGAINST MRS. GREEN

Charges Are Filed By East Liverpool Officers in Court at Steubenville.

Steubenville, May 28.—In the suit of Charles Green, a potter of this city, vs. Frances Green, of East Liverpool, two affidavits have been filed, one each from Officers Morris and Dawson, of that city, who say that Mrs. Green's reputation is bad, and that they have often seen her in the company of women of bad repute. They say that she is staying at present at a house of questionable character in East Liverpool.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

Storm in Michigan.

North Branch, Mich., May 27.—A tornado passed over this section, entailing a property loss that will amount to thousands of dollars and causing the more or less serious injury of several persons. The Pontiac, Oxford and Northern railroad depot and freight house and the mammoth hay barn of the North Branch Grain company were demolished. Reports from Decatur, Reading, Lansing, Boral, Emmet and Deckerville say the storm did much damage in those localities.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

The advice of the News Review and of the citizens who have the best interests of the city at heart has been taken by council, and that body has rescinded its action looking to an issue of bonds, which, in the opinion of business men and expert financiers, would be adequate to the city's needs. Instead of voting on an issue of $59,000 in bonds the city will have a chance of voting on an issue of $93,000, a sum which will be sufficient to tide over present difficulties and enable the city to get on a business basis financially. There ought to be no difficulty in securing the approval of the voters for the proposition. It is not only a safe and economical way out of the difficulty, but the only way out. If the proposition should not be accepted the result would be a burden of debt and embarrassment that would plunge the city's finances into a condition of almost inextricable confusion. But the good sense of the people and the popular faith in the business men directing the affairs of the city may be relied upon to do what is wisest and best—approve the bond issue, rid the city of the needness incubus of 7 per cent interest, insist upon economy in expenditures and contract no bills that there are no means of paying. A wise use can be found for $93,000, and there will be no temptation to extravagance in making that amount available. It is neither a large nor a burdensome amount of debt, when the size, wealth and future prospects of the city are considered. Even if it were a serious burden, there is nothing short of repudiation that would render it possible to avoid shouldering it.

Senator Hanna is reported to have decided to offer no opposition to the endorsement by the Ohio Republican convention of President Roosevelt as the presidential candidate for 1904. He has learned that not only are the people of Ohio desirous of giving such an endorsement, but the president is desirous of having it. The senator is not against President Roosevelt in any shape or manner. It was simply his opinion that, as no presidential nomination is to be made this year, action on the part of the convention would be ill-advised. But public sentiment in Ohio, as well as throughout the country, is overwhelmingly in favor of climbing into the Roosevelt band wagon at once, and Senator Hanna is too good a Republican as well as too shrewd a politician to oppose it. The coming state convention therefore will doubtless give the president's candidacy the warmest and heartiest kind of endorsement. As far as Ohio is concerned, it would make no difference if it should not do so; the people of the state would be just as firm and strong for Roosevelt. But the example and influence of Ohio in political matters counts for a great deal in other states. Ohio, as usual, will not be backward about speaking its mind and standing on the popular side. This is as it should be, and the enemies of Ohio and of its senators who have been looking for a row in the convention over the matter, will find themselves false prophets, as they have often done before.

A new child labor law goes into effect in Illinois on July 1. One of its provisions requires that, in the absence of any records in school or county, parents must go before the county or juvenile court and make oath to the age of the children. Instances of this kind, however, are rare, for the reason that most children have attended school at some time and the registration of age is a precedent to admission to the schools. The new law will thus do away with false affidavits and will work a hardship to notaries who have done a thriving business in issuing the affidavits upon the mere statement of parents.

Those New Yorkers who propose to spend $101,000,000 in enlarging the Erie canal should not make light of the improvement of the Ohio river.

OBITUARY

Thomas Anderson.

Thomas Anderson, aged 75 years, died at his home on Walnut street at 11:30 o'clock last night after a brief illness with erysipelas. The funeral services will be conducted at the residence at 2 o'clock Friday afternoon by Rev. C. G. Jordan, of the First Presbyterian church and the interment will be made in Riverview cemetery. Mr. Anderson was born September 28, 1827, in Beaver county, Pa., and came to this city when about 16 years of age. He had resided here ever since. He was married in November, 1849, to Louisa Warrick, who died two years ago last January. She was a daughter of the late William Warrick and a sister of Mrs. Esther Thomas and Mrs. Susan Harker, both of this city.

Mr. Anderson won the respect and esteem of all by his rugged character, in which sterling honesty and love for the right were predominant features. His disposition was genial and hearty and his friends were a legion. He was a lifelong member of the Presbyterian church and a regular attendant at the services. Mr. Anderson followed the trade of a carpenter and during his last years of active life devoted most of his labors to pottery wood work. In making sagger drums and other models he was considered an expert.

The surviving children are Mrs. D. A. Naugle, of Princeton, Ill.; John E. Anderson, corner Walnut and East Fourth streets; Mrs. Marie Ramsey, who lived at the old home and George T. Anderson, foreman of the Cleveland World. Two brothers, John, of New Windsor, Ill., and Robert, of Beaver, Pa., also survive. Word has been received from Mrs. Naugle that she is too ill to make the trip here to attend the funeral, but all the other near relatives have arrived.

Mrs. Rebecca McLain.

Mrs. Rebecca McLain, aged 78 years, died at the home of her daughter, Mrs. Bupp, on Jethro street, at 1:30 o'clock yesterday afternoon, after a brief illness. The body was shipped to Smithfield, Ohio, this morning where the funeral services will be held and the interment will be made. Several adult children survive her.

HORSE THIEVES CLEVERLY CAUGHT

Men Accused of Taking a Rig From Irondale Taken Into Custody at Bridgeport.

Constable Charles McIntosh, of Irondale, is rapidly coming to the front and will some day be classed with the expert detectives of the country. Yesterday afternoon he showed some of his ability as a detective by going to Bridgeport and placing John Shultz and a man named Reese under arrest for stealing a horse and carriage belonging to Alexander Noble, of Irondale, on Tuesday evening, May 12.

The two men hired the rig to drive to Somerset, saying that they would return that evening or next morning. Tuesday night passed, Wednesday evening came and Mr. Noble began to feel a little worried about his rig. He made several inquiries but the whereabouts of men and rig could not be learned.

After two or three days Constable McIntosh was told of the theft and was asked to lend his services toward returning the stolen horse. Mr. McIntosh took up the case and worked diligently. He visited all neighboring towns and was in Wellsville and gave a description of the thieves to the local police.

While nearly every one else had given up hope of ever seeing the rig again, still Mr. McIntosh did not despair. He still kept up a silent search. On Monday evening he received word that his men were in Bridgeport and he at once set out for that town. He arrived and captured both men and brought them back to Irondale last evening. They will be given a hearing today before 'Squire Bagley, of Irondale and if bail cannot be secured will be taken to the county jail where they will await the sitting of the grand jury.

A DRUNKEN WOMAN

Created a Scene and Chief Houser Took Her to Jail With Difficulty.

Chief Houser had his hands full yesterday afternoon about 1:30 o'clock when a message came from some of the residents of Front street that a woman was in that vicinity whooping and yelling. They asked that an officer come and put a stop to the disturbance. Chief Houser answered the call and when he arrived at the place he found a woman with a lovely jag and from all appearances having a jolly time. Houser called upon several bystanders to lend a hand, which they did, and the woman and her package was taken to the jail.

All along Front street the people came to the door to see the parade, but quickly went in as every time the woman would see anybody looking at her she would curse them for all she was worth and the best efforts of the officer could not quiet her. She will be given a hearing today. Chief Houser stated that it was the toughest proposition he has encountered since he has been on the force.

SUMMER COLDS

Produce Chronic Catarrh.

Madame Isabella Ellen Baveas.

Madame Isabella Ellen Baveas, Life Governor Grand Lodge of Free Masons of England, in a letter from Hotel Saratoga, Chicago, Ill., says:

"This summer while traveling I contracted a most persistent and annoying cold. My head ached, my eyes and nose seemed constantly running, my lungs were sore and I lost my appetite, health and good spirits. Doctors prescribed for me all manner of pills and powders, but all to no purpose.

"I advised with a druggist and he spoke so highly of a medicine called Peruna, that he induced me to try my first bottle of patent medicine. However, it proved such a help to me that I soon purchased another bottle and kept on until I was entirely well."... *Madame Isabella Ellen Baveas.*

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and oft-repeated doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna.

Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.

ANNUAL BANQUET

Given By the Juniors in Honor of the Seniors an Enjoyable Affair.

The junior class entertained the senior class of the high school last evening at Elwood Bunting's. The crowd gathered at 8 p. m. and the festivities were kept up until 2 a. m. At 10 o'clock the tables were spread and a fine supper served. Prof. McDonald acted as toastmaster and spoke on "Our Schools." Several other toasts were also given. T. A. Hammond, a senior, gave a toast on "Banquet." W. F. Lones, president of the board of education, took for his subject, "Commencement." Harry Allman, a junior, spoke on "The Board of Education." "Our High School" was the subject on which Miss Ruby C. Mason, principal, spoke. Miss Mabel Hewitt, a junior, gave a very interesting speech on "The Seniors." Responding to Miss Hewitt's toast, William Ingram, a senior, spoke on "The Juniors." A. G. MacKenzie was to have been toastmaster but was unavoidably absent. On account of illness, Albert Goetz, a junior, was unable to be present.

A program, consisting of instrumental and vocal solos, was rendered after the supper. Forty-eight persons were present, several members of the board, the high school teachers, Prof. McDonald and the members of both classes.

Horse Tried to Enter House.

Ben Rahter left his horse standing in Tenth street yesterday while he went into the house. While he was in the house the horse took fright at something and started to run. It went down Tenth street and turned and started to go into Henry Stahl's house. The women were all frightened and began to scream and call for help. Constable Henry Thorne who witnessed the runaway from a distance, came with all possible speed to the scene of the excitement. Here was where Thorne distinguished himself. He succeeded in quieting the animal and led it away from the frightened women as tame as a lamb.

DO YOU GET UP WITH A LAME BACK?

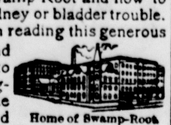

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root

Don't make any mistake, but remember the name Swamp-Root, Dr Kilmer's Swamp-Root, and the address Binghampton, N. Y., on every bottle.

SOUTH SIDE

TRANSFERS NECESSARY

For a Short Time While the Rock Springs Line Will Be Double Tracked.

Work on the double tracking the Rock Springs railroad on the East Liverpool side of the river will have reached a point by the latter part of week where it will be necessary for the passengers to transfer. It is unfortunate that this inconvenience will have to be encountered at this time, since there will be a number of new attractions at the park, and the crowds will be unusually large.

It is not often that a mistake of this character is made by the construction bosses, but in this instance it is inevitable, and will have to be contended with in spite of the inconvenience it will cause the employes of the street railway.

BASEBALL GAMES

The Chester Team Expects to Win Two Victories the Present Week.

The Chester base ball team has two games scheduled for this week, and in each it expects to be victorious. The team will line up against the street railway employes of the Rock Springs line this afternoon, and owing to the fact that the latter team has not been able to find time for practice, expects to have an easy time for it.

On Saturday afternoon the club will go to New Cumberland, where a game will be played with the team of that town. Though the New Cumberland ball players are not as strong as they were in former years it is predicted the Chester boys will not have a harder time during the season than that with which they will be confronted on Saturday in winning the game.

Nearing Completion.

The finishing touches are being put to the work at the old mill and the job will be in an almost completed state by Friday of this week. Seven men are now employed there, and that is about all the contractor can conveniently handle in the shape the work is in. It may be that the services of several of the men now employed will be dispensed with tomorrow, but this has not been decided upon.

Cleaning Is Needed.

The street commissioner and his force this morning completed the cleaning of the Second street crossing, and the bridge now presents a neat appearance. There are a number of other points in the town very badly in need of attention, and it is hoped the commissioner will devote some time to them in the near future.

CHESTER NOTES.

Frank Stewart, the well known coupon man of New Cumberland, was in Chester today on business.

A new barn is the newest accession to the possessions of the Chester Grocery company. The building was commenced only a few days ago, and is nearly completed.

George Richards, who formerly worked in Chester, came in contact with a hot sheet of tin while working at the Pope mill in Steubenville, severing an artery and cutting a bad gash.

A. J. Smith, the new manager of the East Liverpool bridge, has been ill nearly all the time since coming to this city. Unless he improves he will be compelled to give up the position. Mr. Smith attributes his illness to the bad condition of the water pipes.

L. S. Bambrick, one of the oldest and most highly respected citizens of Hancock county, was in the city this morning from his home near Fairview. Mr. Bambrick is the father of Thomas Bambrick, formerly of the firm of Allison & Hobbs, and also of Attorney George Bambrick, of New Cumberland.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Continued from First Page.

to support them, it is said the anti-saloon league is pushing his candidacy for all it is worth. It has been stated that the association can control Duvall should he be nominated and that, of the other candidates aside from Prof. Beal, of Harrison, the temperance people could say nothing. This may hurt Connell, who has no right to be brought into a fight of this kind. It is presumed by the latter's friends that on account of the fact that Connell had always been outspoken, and was not afraid to voice his convictions upon any subject, the anti-saloon people considered him an unsafe man.

There is a strong suspicion that there has been some arrangement or deal made between Beal and Duvall, but from the best informed politicians in both counties this could not be confirmed. Whatever happens at Wellsville tomorrow, it may be taken as a certainty that Jefferson county will not be the least interesting of the aspirants for senatorial honors.

Little Harrison, with tis 23 delegates and temperance principles, will be on the ground early with a determination to land Hon. J. H. Beal in the coveted position, but there is not a man in this district who has ventured to assume that he will win. There is no doubt that Beal is a good strong candidate, and the fact that his own county has so few delegates must not be taken as an indication that he will not be a factor in case the balloting goes on for any length of time. He has been in public life so long, and by his honesty and fair dealing has built up an acquaintance of so formidable a character that his chances are considered by many to be first class.

Wellsville has made preparations to accommodate the large crowd that is sure to be present. Fully 200 delegates and politicians are expected, and those in charge of the arrangements for their comfort and accommodation have spared no pains in their efforts to make the visitors' stay a pleasant one. Manley's band, of East Liverpool, has been engaged for the occasion and will be on the ground early tomorrow morning prepared to escort the delegations from the four counties to their several headquarters, and afterwards furnish the music at the convention hall. The senatorial committee has secured the Cooper opera house for the occasion, and the fact that the committee made no arrangements as to the length of time that the auditorium will be occupied may be taken as an indication that some at least believe the convention will last for some time.

The four counties will have a representation as follows: Columbiana, 69; Jefferson, 42; Belmont, 55; Harrison, 23. The total vote will be 189, necessitating 95 in order to determine a choice. Columbiana, as will be seen, has more votes than any other of the counties, but not sufficient to nominate. With this county's support, however, any of the counties will have the balance of power.

A large number of the leaders are expected to arrive in Wellsville this evening, but the large majority will not come in before morning. The Harrison county delegation will have some difficulty in reaching Wellsville on account of the round-about route they will be compelled to traverse. They are expected in, however, on the very first train in the morning, and though fewer in numbers, will not be lacking in enthusiasm or loyalty to their champion.

At this time—only a few hours before the storm is due to break forth—the indications are that Columbiana and Belmont will name the senators, though there is nothing more uncertain than politics, and there may be many disappointments before the contest has been decided.

WIFE MURDERED BY DRUNKEN MAN

Samuel Ashby Lodged in Jail at Steubenville For Brutal Crime.

WELL KNOWN IN THIS CITY

He Had Frequently Had Trouble With His Wife—A Fortune Teller Alleged to Have Started the Trouble. The Last Fatal Quarrel.

A murder, the outgrowth of domestic trouble, took place at Rush Run, Jefferson county, about 2 o'clock yesterday afternoon, and caused much excitement. The murderer was Samuel Ashby and the victim was his wife. As far as can be learned during a quarrel with his wife he secured a revolver and shot her, killing her instantly.

Ashby and his wife have been having trouble for a long time and it may be partly due to his mental eccentricities. On March 21 he was taken before the probate court on a lunacy charge, but after examination he was discharged.

The Ashbys reside near Portland station. Ashby is a clay miner and a drinking man and was in Steubenville Monday and became so drunk that he had to be hauled home from the station in a wagon. That night he began to abuse his wife, and for her own protection she fled to the home of Contractor T. J. Stringer, nearby, where she remained over night.

Ashby next morning went to the Stringer home and implored his wife to return home. He promised to be good and to stop drinking and finally his wife agreed to return. At the Stringer home Ashby and his wife both made promises, each agreeing to sign papers that they would forget everything and do right hereafter.

The couple then returned home, and a few hours after the deadly quarrel ensued. Ashby is about 45 years of age, and his wife was a year or two younger. Their oldest boy is Abel Ashby, a well known passenger brakeman on the C. & P. railroad. They have six children.

Ashby was well known in this city, where he had visited many times. He was a railroader years ago and while engaged at that occupation used to be in this city nearly every week. He was injured many years ago in the Conway yards, the accident necessitating the amputation of his left hand. After that he quit the active road work and was given a situation as light tender near his present home. Recently he has been employed in a brick works. Friends in this city assert that he was of an amiable disposition and that if he is guilty of the terrible crime of which he is charged there must have been some strong motive for the deed.

It is said that Ashby has been led by a fortune teller to doubt the faithfulness of his wife. Ashby was arrested by Sheriff Gilson and lodged in Steubenville jail last night.

HIRED MAN DIES FROM ASSAULT

Stark County Community Stirred By What May Be a Murder.

Canton, May 27.—The people of Wilmot and Sugar Creek township are excited over what is said to be a murder. Thursday of last week Farmer Simon Brandt, of Sugar Creek, had a quarrel with his hired man, Reeves Mitchell, and, it is claimed, struck him over the head with a board.

The victim of the assault died yesterday. Mitchell lay unconscious and unattended for 24 hours, finally crawling to a barn, where he lay all night unable to move. The next day he crawled out to the roadside, where he was found by Rev. Spring, who took him to Wilmot. Medical aid was called and the man's condition found to be serious. He was conscious part of the time and told the story of the assault. He lapsed into unconsciousness and his death occurred early yesterday morning. After his death, Coroner Cole, of Holmes county, was called. An examination showed that Mitchell had suffered a fracture of the skull as the result of the blow. Prosecutor Day will make an investigation.

Farmer Brandt has not been arrested and no one has yet secured a statement from him as to the quarrel or the provocation. He is a rich farmer of good character.

The announcement of the death has created great excitement and there is considerable indignation expressed that Mitchell should have been left to die unattended during such a length of time.

B. C. ANSLEY SUCCESSFUL

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence, B. C. Ansley, the popular druggist, has succeeded in getting the Dr. Howard company to make a special half-price introductory offer on the regular 50c size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that Mr. Ansley is willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific, that Mr. Ansley has been able to secure a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once or send 25c and get sixty doses of the best medicine ever made, on this special half-price offer with his personal guarantee to refund the money if it does not cure.

BILL OF EXCEPTIONS

In the Appealed Case of Mason Against Defunct Bank Argued.

Lisbon, May 27.—(Special.)—In the case of Charles H. Mason against the directors of the defunct First National bank of Lisbon the accuracy and scope of the bill of exceptions was argued by W. G. Wells for the plaintiff and C. S. Speaker for the defendant. The defense excepted on the ground that in filing the case in the circuit court, it having been carried up on an error in the charge of the court to the jury, the bill of particulars was not explicit enough as to some of the testimony.

C. & P. Line to Marietta.

Wheeling, May 27.—An important announcement was made here that the Pennsylvania Railroad company had decided to extend the Cleveland & Pittsburg division on through from Bellaire to Marietta, on the north side of the Ohio river, a distance of 80 miles. The old Ohio valley rouse, the stone bridges and grading of which still remains after nearly 40 years, will be followed.

Settled Out of Court.

Lisbon, May 27.—(Special.)—Court was in session yesterday afternoon. The case of Casper C. Tritt against Burt G. Baker was settled. The litigation grew out of the sale of a Lisbon planing mill to Baker and there was a dispute as to the book accounts. The sum sued for was $3,000.

REALM OF SPORTS

ATHLETICS TO PLAY PITTSBURG AMETEURS

Trip Has Been Arranged For Next Week Which Includes Warren and Niles.

The East Liverpool Athletics will leave Friday evening for Pittsburg, where they will play two games the following day with the Pittsburg Amateurs, formerly known as the Junctions. It is one of the fastest teams around Pittsburg but the Athletics are confident of taking them into camp. The Athletics will be the representative team of the city this season away from home and will make a number of trips the first of which has been arranged for. Next Tuesday they will go to Warren, Ohio, and the day following to Niles. These towns have fast teams. Several other games may be arranged before the team returns home.

Following is the lineup for the games at Pittsburg Saturday: L. Emmerling, catcher; G. Emmerling and Allison, pitchers; McAvoy, short; Tyson, first; Coleman, second; Bridge, third; Myler, left; E. Carey, middle, and Bennett, right.

SPORTING MISCELLANY.

Billy Karrick will receive a reputed salary of $15,000 for training Hermis.

The American association teams may carry but 13 men, according to the new rule.

Chicago seems to be shining in base ball this year. Her National and American league clubs are both in shape to close at the top with good luck.

Twenty years ago Bill Gleason and Bill Hallman joined the Phillies as a battery, Hallman doing the catching. Now they are playing side by side on the bases.

It was a bad decision by a Sunday school superintendent that impelled "Bob" Fitzsimmons into the prize ring. "Fitz" never says much about it, for he still rankles under the injustice that was done to him nearly 30 years ago.

"Sammy" Smith, of Massillon, a brother of Harry Smith, catcher for the Pittsburg team, is expected to break into fast company this season. He held the heavy hitting All-Akron team down to one run and two hits last Saturday.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

STRANGE AFFLICTION

Comes Upon a Farmer, Who Is Left Only Partly Conscious.

Jason Moore, who resides about six miles west of Salineville met with a peculiar accident Friday evening at his home. In the evening he went to the barn, procured a horse and started after the cows a short distance away. Upon his return he put the cows in the stable, put away his horse and walked slowly up to his residence. He was met at the steps by his wife, who asked him in a casual way to step into the house, but he answered her in a queer and unnatural way, and seemed to deliberate on the question. She at once detected something wrong with him, and finally after some time induced him to enter. All the time he was talking in an unconscious manner. Mrs. Moore as soon as she had succeeded in inducing him to enter called up on the 'phone Joseph Ferguson, who is a nearby neighbor, who hurried to the home of his neighbor.

The wife and neighbor attempted to find out what accident had befallen him, but they were unable to solicit a satisfactory answer. They then telephoned for Dr. Walker, who speedily hurried to the home. He made a preliminary examination and failed to discover anything wrong with the man, except a few scratches on his face, shoulder and a small scratch on his left side. The affliction, whatever it may be, was probably caused by a sudden fall or jar. His condition is somewhat improved, but he is yet only partly conscious.

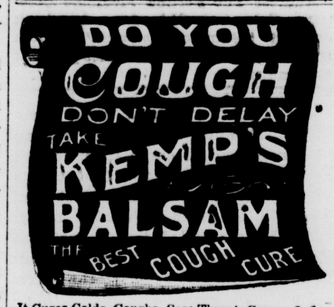

AGREEMENT REACHED AS TO SWAMP DRAIN

Owners of Land And Not the Counties Will Construct the Ditch.

Lisbon, May 27.—(Special.)—The county commissioners returned last evening from Pittsburg, where they met the Mahoning county commissioners relative to a proposed county ditch. There is a tract of hundreds of acres of swamp northwest of Salem through which a company ditch was made some years ago, partly reclaiming the tract. The ditch has partly filled, becoming useless, and the land owners want a new drainage course at the expense of the two counties.

While the commissioners of neither county are ready to do so much for private property, they have succeeded in securing concerted action on the part of the land owners to build the ditch at their own expense.

The swamp tract starts in Mahoning and runs through the northeast corner of Perry township.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. RESOLUTION.

Be it resolved by the council of the city of East Liverpool, Ohio, that J. N. Vodrey, John J. Kerr, Sr., and F. G. Croxall, three disinterested freeholders of the corporation, who are hereby appointed a board for that purpose, be required to prepare and report to council an estimated assessment of thirty-one thousand one hundred and fifty-seven and four one-hundredth dollars ($31,157.04), said amount being forty-nine fiftieths (49-50) of the cost of improving Pennsylvania avenue from lot No. 1589 to the East End public school building, upon the lots and lands especially benefited by said improvement, as set forth in ordinance No. 664 to improve said street, passed the 22d day of January, 1901, said assessment to be in proportion to the benefits which result to such lots and lands from said improvement and limited to the special benefit conferred thereby on each lot or parcel of land assessed.

Adopted May 18, 1903.

JOHN HORWELL,
President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Approved this 19th day of May, 1903.

20TH YEAR. NO. 125. EAST LIVERPOOL, O., WEDNESDAY, MAY 27, 1903. TWO CENTS.

HEALY STREET RAILWAY HEADED TOWARD LISBON

Three Miles of Line Up Little Beaver Creek Are Expected to Be Completed Before Fall.

CONTRACT LET FOR THAT PART OF WORK

L. W. Healy, general manager of the East Liverpool railway, made a positive statement to a News Review reporter this morning that the recent developments along the rights of way between this city and Lisbon, held by himself and associates, mean that the projected electric railway is to be built. As stated exclusively in the News Review yesterday Mr. Healy and Contractor McSpadden spent the afternoon looking over the proposed route between the East End and Island Run, three miles up Beaver creek.

It was learned this morning that Mr. Healy has interested several Scranton (Pa.) capitalists in the enterprise and they, with Mr. Healy, form the company, which is yet to be organized. Mr. Healy stated this morning that the United Power company was not concerned in any way. So far as is known the company has not been formed, and Mr. Healy is attending to its affairs personally. Just what the plans of the promoters are have not been divulged. The building of the road will require an expenditure of money greater than could be advanced by the few men now interested, and it is likely that the usual stock company will be formed at the proper time. The right of way is considered of such great value that the bonds of the company should be floated without great difficulty.

An agreement was reached yesterday afternoon between Messrs. Healy and McSpadden by which the latter is to take charge of the grading and other work of construction on that part of the road beginning at the present eastern terminus of the East Liverpool railway to Island run, about three miles up the Little Beaver. Mr. Healy stated that the building of the entire line was too great a task to be accomplished this summer, and instead of making an attempt in that direction he will undertake the completion for the portion for which the contract was made yesterday.

Contractor McSpadden has about 50 men in the city and they have been placed at work. He will increase this force to over 100 next week and expects to have the grading done and the rails laid before fall. The greatest difficulty in preparing the roadbed along the entire route will be experienced in reaching Island Run from this end of the line. The topography of the country is such that an unusual amount of cutting, excavating and grading is necessary.

Mr. Healy stated he expected to operate this part of the line as soon as completed.

POLICE COURT WAS VERY LIVELY

Four Victims Waltzed Before Mayor Weaver This Morning for Sentence.

LIVES WERE ENDANGERED

By Oscar Reynolds, Who Was on the War Path—Clergymen Present at the Hearing Were Much Impressed With the Proceedings.

Before a distinguished trio, each a clergyman, Mayor Weaver conducted police court this morning. Luckily it was one of the most interesting mid-week tribunals held for some time and the visitors were given a treat. They had read and heard of how a victim is dragged into the presence of a magistrate, the pallor that steals across his face and his collapse when sentence is imposed but it was their first time to see the performance in reality. Two half empty flasks, discolored optics, bloated and toddy-blossomed faces made up a part of the spectacular production, and when the reverend gentlemen left the mayor's quarters they did not wonder why the atmosphere surrounding is not always sanctimonious.

The first culprit trotted into the little room was Oscar Reynolds. He was arrested early last evening by Officer Dawson and answered to a charge of drunk and disorderly. Had he been treated for what he might have done and what he came mighty near doing the longest sentence provided by law would undoubtedly have been imposed. But justice is Mayor Weaver's hobby and the fellow got off with $5 and costs. When arrested Reynolds had a few minutes previously been implicated in a fight in Diamond alley and had just made a desperate attempt to demolish the big plate glass in the building of the Southside land company. He had come sauntering up the alley, and being seized with an attack of maliciousness, grasped a beer bottle and threw it with all his power at the window.

The missile struck the sill and fell to the bricks broken into a thousand pieces. Had it struck where intended, Superintendent Ahrendts and Messrs. Maxwell, Flood, Strauss and others of C. A. Smith's office would most certainly have suffered serious injury. Officer Dawson heard the clash of breaking glass and was on the scene in a moment but had quite a chase in capturing the individual. A large crowd assembled at the patrol box and Reynolds appeared frightened out of his wits at the mob.

Con O'Donald, anything but a novice at the art of hiding booze, was the next to encounter the ordeal. He had been lodged behind the bars by Officer Morris, who found him in a beastly state of intoxication on a principal thoroughfare. Tottering from the effects of a ripe age and trembling as the result of a debauch and his arraignment, he rather appealed to the mayor and was fined the minimum, $1 and costs. He was about penniless, but made arrangements to pay in a few days and was released.

John Stillwell, the painter who was thrown out of employment as the result of action taken by the journeymen painters, became disheartened last evening over his prospects for work in the city and having suffered for some time with the colic that is incident to the troubles of his craft, started out to drown all discomforting thoughts in the hoary topped bowl and finally met Officers Dawson and Aufderheide. He had forgotten all about trouble and was making the night hideous with his jubilant cries when taken into custody. He explained the entire situation to the mayor and promised to leave the city instanter if discharged. The limit, ten minutes, was given him to make good his word and the last seen of him was his frock coat swaying in the breezes at the west end curve of the C. & P. track.

Enoch ("Nocky") Smith had been having troubles with his wife and other members of the family. Chief Wyman placed him under arrest last evening while the street in front of the Smith domicile, Fourth street, was crowded with people who had been listening for hours and watching the maneuvers of the family. "Nocky" said at the hearing that "Her was all to blame." "Her had tried to break his head with a bowl and her had choked and beat him in a terrible manner." Mrs. Smith denied the allegation, saying: "'E caused the trouble." In consideration of the fact that the neighborhood had been so stirred the mayor imposed a fine of $6 and costs. He sort of took the case as a proportion of six of one and a half dozen of the other and if it is continued both man and wife will get a severe dose.

A daughter of Smith appeared at the office of 'Squire McCarron and asked that she be allowed to file a suit of replevin in order that she might get certain household goods from her stepmother that belong to her father. The justice refused.

PEOPLE TO VOTE ON $93,000

City Council Rescinds Former Action on the Bond Question and Provides for a Sum That Will Be Adequate to Meet Financial Needs.

When the people of the city vote for a bond issue some time in June it will be for $93,000 worth. Council so decided last evening, two of the three members who voted against the measure on the first recommendation having expressed a change of mind and wishing, before it was too late, to make a popular move with the people, rescinding their former action and supporting the issue for the entire amount.

The councilmen who voted against the measure were Johnston, Moon and Bullock. The latter was not present last evening when the question was brought up for consideration, leaving when he saw it was about to be taken up and returning after the vote had been taken on it.

Mr. Johnston offered the motion that the former action be reconsidered. He said that personally he was against any issue but for $59,000, which amount he thought sufficient to replenish the overdrawn funds, but having found that all of the heavy taxpayers and the great majority of other residents of the city were in favor of a larger issue he would not oppose them again. Mr. Barlow was very anxious to have the issue passed upon and he seconded the motion with dispatch. A member raised an objection to his action, stating that it was not legal, inasmuch as a measure killed cannot be revived unless a motion is made and seconded by parties exterminating it. Thereupon Mr. Moon offered a second and it was unanimously passed. Mr. Moon felt as did Mr. Johnston. He was against the measure, but knew the people wanted it and was willing to do their bidding.

A resolution was then passed declaring the issue dead and it was up for discussion again. Moon said, as it was the wish of council and the people to raise the amount, he was now in favor of raising it sufficiently to provide for the placing of a vault in the city building and repairing the latter extensively. For that he proposed that $2,000 be added. He brought to bear the argument that the documents of the city auditor, engineer and mayor are in danger at all times, and that the building is a disgrace to the city. His ideas conformed with those of the remaining councilmen.

W. L. Taylor, of the board of public safety, was present and asked for a word. Given permission, he stated that a couple of thousand dollars should be arranged for the board to allow money to furnish the new fire station on the Northside with apparatus. He was informed that $4,000 had been provided for the purpose of attending to that station.

At this juncture the discussion was near a close and President Horwell called for a vote, with the result that every member present voted for an issuance of $93,000 worth of bonds. The date for the election was not set, but it will not be on the date first designated, 15 days being required to intervene between the time a measure is passd and presented to the people for a vote.

MRS. BARTH HELD UNDER $100 BOND

She Pulled Mrs. Stevens' Hair, Scratched Her And Made Threats.

Mrs. Barbara Barth, before 'Squire McLane yesterday afternoon, charged with assulting her neighbor, Mrs. Johanna Stevens on Sunday last, was bound over to court in the sum of $100. She gave security and was released. There was quite a crowd present at the hearing. The troubles of the families of both, who live on adjoining farms a short distance west of the city, were made public and it was shown that there has been more or less agitation between the parties for some time.

Mrs. Stevens proved that Mrs. Barth pulled her hair and scratched her eyes and had threatened to do even worse. Both women had trouble in keeping apart all day Monday, and as a result Mrs. Stevens thought it best to have the case settled by law.

MADE THE FINE LIGHT

Joseph Armshaw Must Pay $1 And Costs for Quarreling With the Starkeys.

The first chapter in the Starkey-Armshaw case was concluded by Mayor Weaver yesterday afternoon when he assessed Joseph Armshaw, charged with disorderly conduct, $1 and costs. The defendant was represented by Attorney John McGarry and the state by Attorney Hill. A number of witnesses were examined and the mayor finally decided that the young man was guilty of the charge, but did not consider the case a malicious one and made the fine as small as possible.

Owing to the sickness of Mrs. Armshaw her case will not come up for trial until next week. At the hearing it is expected that the troubles of the Starkey and Armshaw families will be well aired. Mrs. Armshaw is expected to sue the Starkeys later.

May Fight the Case—Michael Clorran, the saloonist of Sixth street, will appear before the mayor tomorrow evening to answer to the charge of keeping his saloon open on Sunday. It is understood that he intends fighting the case and in anticipation of that the charge has been made under the state law, which if he be found guilty will insure him a sweet dose.

Estimates on Equipments.

New York, May 27.—(Special)—The Westinghouse Electric & Manufacturing company are giving estimates on contracts for the electrical equipment of the Youngstown & Southern Electric railway which is to run from Youngstown to East Liverpool.

Nuzum Still Lives.

Lisbon, May 27.—(Special.)—Frank Nuzum, who was shot at Elkton a week ago, is still alive. He passed a restless night and the physicians still have no hope for him.

THE PROHIBITIONISTS IN STATE CONVENTION

Local Delegates Prominent in the Deliberations at Springfield.

Springfield, O., May 27.—(Special)—The state Prohibition convention is meeting here and is expected to make nominations today. Among the delegates are E. H. Brosius, of Alliance; Rev. W. H. Beynon, Youngstown; S. J. Faulk and C. F. Bough, East Liverpool and Joseph R. Stratton, Salem. A feature of the preliminary organization was the presentation of a gavel to the temporary chairman by a prominent ex-confederate soldier. The delegates were addressed last evening by O. W. Stewart, of Chicago, national chairman.

The Eighteenth district delegates organized by electing S. J. Faulk, of East Liverpool, chairman, and J. R. Stratton, of Salem, secretary.

MATTERS OF IMPORTANCE FOR THE SAFETY BOARD

Will Come Up for Consideration at the Meeting to Be Held This This Evening.

The board of public safety will hold its regular weekly meeting this evening. A member stated this morning that many matters of importance are to be considered and that the session will likely be of considerable length.

Though two members were requested to compile a set of rules and regulations it is expected that they will not have finished the work, it being a more stupenduous task than anticipated.

A Free Lecture Tonight.

Frank P. O'Hare, of New York city, who is now touring the country lecturing on questions of the day, arrived in East Liverpool today from Canal Dover, where he talked to a large and attentive audience on the labor question last night. Mr. O'Hare holds to the belief that the criticisms which are leveled at such men as Mr. Carnegie, Mr. Morgan or Mr. Clauss, are wrong; that the fault lies not with them, but with the working people. He is an old newspaper man, and of late years has been connected with some of the largest corporations in the country. He will speak in the open air at 8 o'clock tonight in the Diamond.

Remanded to Jail.

Lisbon, May 27.—(Special.)—Robert Nace, charged with stealing $6 worth of tools from O. J. Davis, of Lisbon, had a hearing before Justice Dickinson last evening. He pleaded not guilty and was bound over to court. He was unable to give $100 bond and was remanded to jail.

High School Picnic.

Lisbon, May 27.—(Special.)—The annual picnic of the Lisbon high school will be held at Shelton's grove next Tuesday.

GIRLS' ESCORTS LOST IN THE CITY

Came from Beaver Falls And Were Not Familiar With a Large Town.

Two couples, Messrs. Hamilton and Anderson and Misses Barnes and Matell, all of Beaver Falls, drove to the city last evening and while enjoying themselves met with an unfortunate accident. They were preparing to return home at an early hour and headed the horses up Cook street. Arriving at the end of the thoroughfare they found no opening and in attempting to turn around the rig was broken. The men left the girls watching the horses while they went on a hunt for assistance and got lost.

The girls became frightened and when Officer McDermott arrived on the scene graciously accepted his invitation to take them to a hotel for the night. The rig was taken to John Rinehart's livery stable. Contrary to the report of a morning publication the men did not desert the girls and were very sorry that they got lost. The rig was called for by the men this morning and the quartet left for their homes.

COL. BREWER DEAD

The Man Indicted for Manslaughter Will Have His Trial Before a Higher Court.

Tiffin, May 27.—(Special.)—Colonel Albert Brewer, formerly a prominent pottery manufacturer, who was to be tried on June 15 on a charge of manslaughter, for killing Luther A. Hershey in a quarrel, died of heart disease this morning.

Probate Matters.

Lisbon, May 27.—(Special.)—John J. Kerr, as administrator of the estate of the late William Taylor, of Liverpool township, has been given an order for the private sale of real estate to pay the debts of the deceased.

The late Joseph Brown, of Madison township, left no will. His widow, Elizabeth M., and his daughter, Margaret Moore, are appointed executors. Bond, $6,200.

Inspecting Roads And Bridges.

Lisbon, May 27.—(Special.)—The commissioners are in the vicinity of Columbiana today inspecting the stone work of several bridges, where repairs are needed. They will also inspect a hill which the county is asked to grade.

Married in Probate Court.

Lisbon, May 27.—(Special.)—Ellis L. Hiestand, aged 25, of Mahoning county, and Miss Lizzie A. Denny, aged 19, of Columbiana county, were married in probate court this morning by Justice Lodge Riddle.

Working on the Survey.

Lisbon, May 27.—(Special.)—The surveyors for the Youngstown & Southern railway are now working between Columbiana and Leetonia.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Republican Clans Will Gather at Wellsville Tomorrow to Nominate Two Senators.

FOUR FAVORITE SONS IN THE RACE

It is safe to predict that the senatorial convention to convene in Wellsville tomorrow will be the most interesting held by the Twentieth-Twenty-second joint districts in years. Though Columbiana county is entitled by every right to one of the two places to be filled, it would seem this right is going to be denied it. Each of the four counties comprising the district has a candidate, and all will be in at the beginning whether they remain or not.

The delegates from Jefferson, Belmont, Harrison and Columbiana will assemble at Wellsville tonight, and it is just possible that a deal will be made whereby either Belmont or Jefferson will combine with Columbiana, and name the lucky aspirant. What makes the situation look more complicated to the well posted politician is the fact that there has existed a feeling between Jefferson and Columbiana counties which bids fair to play havoc with the latter's ambitions tomorrow.

Belmont has the retiring senator in the person of Hon. Frank B. Archer, and according to the time honored custom of the party, has no right to ask for the place, but she has a candidate and seems as much interested in his election as any of the others. Hon. J. C. Heinlein entered the race early from Belmont and the delegates from that county have been instructed for him. It is possible the Columbiana county men may induce him to get off the track, but none of them are sanguine enough to believe this can be done before at least a few ballots have been taken.

With the feeling existing in Jefferson against us, the leaders in this county do not hope to accomplish anything in that direction. Hon. M. N. Duvall is Jefferson's candidate, and though there is a hot fight against him from his own county headed by Congressman Gill, he will be at Wellsville with a line up of loyal supporters who will stay with him to the very last. Duvall is a Hanna man at heart, but is accused of playing double, and if this can be proven to the satisfaction of a sufficient number of the delegates, his chances for victory will be materially lessened. The Twentieth-Twenty-second district is known to be strongly for Hanna, and any attempt to break the ranks will be resisted to the very end.

If the fight in Jefferson is carried to Wellsville, and there is every indication that it will be some one outside is bound to profit by it. While Duvall did not run on that platform and is under no obligations whatever

VALIDITY OF A SALE IS IN DISPUTE

Litigation Over a Trasaction Made by an East Liverpool Executor.

Lisbon, May 27.—(Special.)—Motion and demurrers were heard by the court today in the case of A. C. Smith, of East Liverpool, as administrator, against James Donkin and others and George Goodwin. It is the claim of the plaintiff that a sale made by A. H. Clark, as administrator of the estate of George Hallam, deceased, did not convey a good title, as the will gave A. H. McCoy and Fred G. Croxall authority to sell. On their resignation Mr. Clark was appointed administrator.

It is claimed that the real estate was sold at much less than its value; that the administrator did not give any bond to account for the proceeds of the sale; that no order from the probate court was obtained to make a sale, and that the authority to make a sale of real estate was a personal trust imposed in the executor's name in the will and did not pass through an administrator appointed by the court.

George Goodwin, William Kent and William Erlanger, East Liverpool men interested in the case, were present.

Cole-Matthews.

Miss Mary Cole and Howard E. Matthews, both popular young people of this city, were married last evening by 'Squire J. N. Rose in his office at 8 o'clock.

Licensed to Wed.

Lisbon, May 27. — (Special.) — Charles E. Triem and Mrs. Maggie Spiker, of Salem, have been licensed to marry.

VOTES PLENTIFUL FOR CONTESTANTS

Several Leading Candidates Made Gains to Be Proud of Yesterday.

HOW LIST NOW STANDS

A Great Increase in Totals in the Past Few Days—Series D Coupons Must Be In Before the Close of the Month.

Votes were plentiful in the News Review contest yesterday, and several of the prominent candidates made gains which they can contemplate with pride and satisfaction. Proof is abundant every day of the great popular interest taken in the voting. Don't let it be forgotten that Series D coupons must be sent in before the end of the month. Voters should not wait until the last day. They can facilitate the counting by sending in their votes at once.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park	22,114
Thomas Lownds, Fourth street	16,679
J. E. Anderson, Lincoln avenue	15,060
Matthew Curran, Jethro street	9,535
Walter S. Crewson, Sebring	5,624

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening disease Catarrh is. It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Miss MARY L. STORM, Northwest Cor. 7th and Felix Sts., St. Joseph, Mo.

SSS

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

A MAN-EATER IS AT LARGE

HARROWING TALE OF A WILD BEAST IN BELMONT.

Peaceful County Disturbed By the Marauding of a Savage Animal.

Bridgeport, May 27.—A man eater of the Hindoostan species has found a location in the wilds of the southern part of Belmont county, in the vicinity of Raven Rock, that resembles his native place to as great extent as any other that he could find in the great state of Ohio.

This location is noted all over the state as its wildest part, abounding in caves and caverns that will securely hide from ten to fifty men, and is in the midst of a formerly well wooded portion. The timber has been culled out in the last two or three years, leaving the smaller timber and undergrowth and refused waste in such a shape as to make it almost impossible for man to penetrate it with anything like satisfaction, even though he be fond of the chase or the glories in angling for the numerous bass that inhabit old Captina creek, that wends its way through this vast forest.

A number of the farmers in the vicinity of Raven Rock have been losing their shoats, and occasionally a calf will be found missing. A few times parts of tnese have been found, which conclusively showed that they had been eaten by some animal. Screams as if issuing from the lungs of a panther, have been heard for some time, but not till recently did the people believe the report of a foreign animal inhabiting that section. A. M. Lucas was the first to sight this animal's lordship, and had it not been for the fleetness of the horse that he was riding he would not be living to tell the tale. Since being seen by Mr. Lucas quite a number of responsible farmers have testified to seeing this strange being of the forest of peaceful Belmont county.

E. C. Ward, a school teacher of Wayne township, was lucky, or unlucky enough to sight him at a distance the other evening.

So great is the excitement that the Alledonia Rifle club and the Quincy Rifle club, of St. Clairsville Junction, who, with the local nimrods, led by Whetzel Moore, of Capina, have now determined to capture the "man eater," as they term him, or spend the week in search of his rendezvous from which he is terrorizing the people into an insane fear that keeps every one at home after the shades of night begin to fall. The supposition is that this animal has escaped from some show and located in this much to be desired place.

NERVOUS HEADACHE BREEDS INSANITY

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief found. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. George Hall, of No. 389 West Market Street, East Liverpool, Ohio, says: "I was bilious—had nervous headaches, hard and constant—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed as the biliousness overcome—the headaches cured and bodily and nerve strength furnished."

COUNCIL DECIDES MANY QUESTIONS

No Action Taken on Tax Levy on the Ground That It Would Not Be Legal.

PAY FOR EAST END MAIN

Is Arranged For—A Vacancy on Pennsylvania Avenue Assessing Board Filled By the Appointment of John W. Hall—Other Matters Acted On.

Numerous questions of importance were taken up by council at the regular meeting held last evening. President Horwell called the meeting to order, and every mmber responding to roll call, he at once started the ball rolling and had all business transacted with dispatch.

The report of the finance committee which met on Monday evening to apportion the annual tax levy, was requested and Chairman Bullock, of the committee, offered a full statement. He pointed out the amounts anticipated to be spent during the fiscal year, showing an increase over last year of several thousand dollars and stated that the committee, after careful consideration, had decided to recommend that the entire amount allowed by law be levied, which is 10 mills. Last year it was 9.5.

The councilmen favored the report of the committee, but no action was taken, upon the advice of City Solicitor Davidson, who informed the body that action under the circumstances would not be in accordance with the provisions of the code. The committee, he showed, had been a little too hasty, much red tape being required by the law. The law was cited and the matter will not be taken up until all necessary forms are complied with. Auditor Davidson thought action was legal, but will notify the officers and boards to submit an estimate and then the question will be disposed of in regular form.

The Laughlin China company requested council to give a note on the city, bearing 3 per cent interest, in payment for the amount the company expended in extending the new water main to the East End. Though the several manufacturing establishments in the East End stood for the expense of the improvement, the Laughlin China company agreed with the other companies to assume the responsibilities and it is this company that is to pay all debts to the water works department. Council could see no reason why the obligation should not be settled. Mr. Bullock made a motion that a note be given the Laughlin company, but wanted the company to agree first to repair the gutter on Pennsylvania avenue, destroyed when the main was laid. It was argued by other members that such matters should be attended to by the board of public service, and the recommendation was stricken out. The motion, however, was finally passed.

Mr. Johnston asked that the board of public service be requested to look after the grading work that is being done on Prospect street. He stated that the contractor is allowing the dirt to be hauled to another street and piled up in a manner making the street almost impassable. It was decided to notify the board of the matter and also that of the gutter on Pennsylvania avenue.

It was announced that F. G. Croxall declined to serve on the Pennsylvania avenue assessing board and the name of John W. Hall was presented. A vote was taken and the latter was elected to fill the vacancy.

A plat of Melvin Smith's addition to the city, located on Pleasant Heights, was submitted for acceptance, but no action was taken, it being referred to the city engineer, street committee and board of public service.

Upon the request of Mr. Bullock for another member to be appointed on the finance committee of council President Horwell appointed Mr. Moon.

Will Manufacture Mosaic Work.

Wheeling, May 27.—The perfection of the American Mosaic Brick and Tile company was accomplished at a meeting here, with Eugene Kelly, Detroit, president; Paul McCoy, Fairmont, treasurer, and L. W. Hagg, Jackson, Mich., secretary, present. The authorized capital stock will be $500,000. The scheme of the company is to locate plants all over the United States. Mr. Kelly states that the company will construct their first plant in Wheeling. The process is a chemical one and it is necessary to have a kind of sand found only in Michigan to make them.

President Encounters Bad Weather.

Spokane, May 27.—President Roosevelt doubled back into Washington from the Couer d'Alene mining camps of Northern Idaho. The party encountered inclement weather in the mining towns. The greatest crowds ever gathered in Spokane greeted the president. After a long drive through the city the president spoke to the people of Spokane and surrounding country. The president's train left in the evening for Montana.

Plugged Keyhole and Turned on Gas.

Wheeling, May 27.—Jim Horner, of Ravenswood, was asphyxiated at the Park hotel. The victim was a young man from the farm. The keyhole of the door was carefully plugged with a handkerchief.

BOY FUGITIVE LANDED IN JAIL

Attempts to Murder Mother for Giving Testimony Against Him—Escaped from Reform School.

Cameron, W. Va., May 27.—Frank Marshall was brought to Moundsville and confined in the jail to await the action of the grand jury on the charge of attempting to kill his mother. Marshall is not yet 18 years of age and has a bad criminal record.

Marshall is an escaped inmate of the reform school at Pruntytown. He was sent there two years ago from Benwood for the same charge he is now held for—attempting to cut his mother's throat with a razor because she reproved him in some manner. He turned up at his home and decides to avenge himself upon his mother for her testimony against him when he was convicted previously. He watched his chance and drew a revolver and fired several times at his mother, but neither shot took effect, and before he could reload his gun the neighbors had became aroused by Mrs. Marshall's cries and hurried to her assistance.

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is to-day a well man, hale and hearty. He writes straight to the point:

DR. DAVID KENNEDY,

Dear Sir:—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

WM. J. HARVEY.

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears.

For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

It is for sale by all druggists in the **Now 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

Western Union Appeals to Court.

Wilmington, Del., May 27.—Judge Bradford, in the United States court granted the Western Union Telegraph company a temporary order restraining the Pennsylvania Railroad company from removing the wires or poles on the Maryland and Delaware divison of the railroad. WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoisseurs of every country would consider their collections incomplete without some speciments of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 40 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will hear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

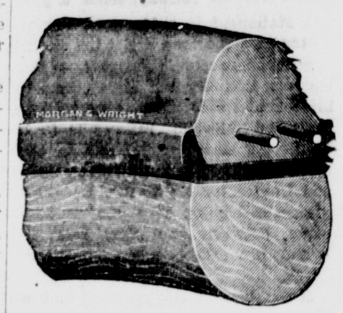

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Now Out of Danger—The little son of H. R. Thompson, who came so near being killed by a fall on Sunday night, is recovering and will not be left with any permanent injuries. The lad's escape from death was little short of miraculous. He fell from a high porch and alighted upon his back and shoulders. A physician was called and made the little fellow comfortable, but it was several days before it could be positively stated that he was out of danger.

All barber shops will be closed on Friday, May 29, at 8 p. m. On Saturday, Decoration day, at 12 o'clock, noon. 124-r

WHITE AND JETT IN SAME JAIL

Guarded by Militia—More Troops May Be Ordered to Jackson.

Jackson, Ky., May 27.—The capture of Tom White and the return of Curtis Jett to Breathitt county were the events on which chief interest focused. The question of whether more troops are needed is agitating the minds of many. While nothing has occurred to arouse apprehension there have been suggestions that do not make all feel secure. The authorities feel that if more troops shall be needed they will be badly needed and that any emergency will be abrupt.

Tom White was arrested at the home of his mother, 18 miles from here, at daylight by a squad of soldiers under Deputy Sheriff Little, who made the arrest. The house was surrounded and White called out. When he reached the fence the warrant was read, and accompanied by soldiers he returned to the house and dressed. At the advice of his attorney, Judge John Noble, he declined to make a statement.

Elisor B. J. Little and 12 soldiers went to Winchester and the order for Jett was honored by Judge Benton. He was placed in irons and arrived here and was committed to jail. He has employed B. F. French, of Winchester, for counsel. An effort will be made by his attorney to get a change of venue. If this fails he will endeavor to have the jury summoned from outside of Breathitt county.

Judge Redwine issued an order placing the jail under militia control and Jailer Spencer turned over the keys to Colonel Williams. Jett and White were not allowed to converse with one another and occupy separate cells. White's attorney was denied the privilege of talking with Jett.

SOCIAL EVENTS

New Century Club.

The members of the New Century club, who during the past year have figured conspicuously in the literary workers of the city, enjoyed their last meeting on Saturday afternoon at the Newell home in Chester. The object of the gathering was not for literary research, but as a fitting close for the year's work and the afternoon was enjoyably spent in social exchange, as the party betook themselves to the woods and there spent the hour in admiring the beauties of nature. A dainty luncheon was served and the afternoon was replete with pleasure.

The Elks Entertain.

The Elks last evening entertained a large number of their friends at a delightful dance at Rock Springs park. The hospitality and good will with which the Elks greeted nearly 400 friends was unlimited. McGraw's full orchestra furnished the music for the dances, and the program for the evening was fully enjoyed. During the winter months the Elks gave a number of delightful dances in the lodge rooms, in the Knowles block, but this entertainment was probably more enjoyable than any social function given by the Elks during the winter.

Delightful Picnic.

The members of Supt. R. E. Rayman's Sunday school class of the First Presbyterian church enjoyed a most delightful picnic and summer outing at Rock Springs park yesterday evening. Between 75 and 80 members of the class attended and the entertainment was enjoyable for all. The ladies of the class took basket lunches and the party partook of refreshments in the old fashioned picnic style. The meeting of Prof. Rayman's large class was one of the most delightful since last fall.

Dinner Party at Lisbon.

Lisbon, May 27.—(Special.)—Miss Hannah Speaker gave a 5 o'clock dinner party to a large number of ladies last evening. The out-of-town guests were Mrs. George Evans, of Canton, and Mrs. Hal Aten and Miss Bessie Aten, of Wellsville.

White Man Believed Guilty.

Lawrenceburg, Ind., May 27.—While the sheriff and deputies and many farmers are still scouring the country for the murderer of Rosa Kaiser, it is now believed that the assault on both Rosa and her father was by a white man and not by a negro and that revenge instead of robbery was the motive. A relative is under suspicion, but the name of the accused could not be learned.

Vienna, May 27.—The minister of commerce is sending to the United States experts and officials of the Austrian postoffice to investigate the American telegraph and telephone systems. They will arrive in New York early in June and will visit all the commercial centers.

250TH ANNIVERSARY

Of Establishment of Municipal Government in New York City.

WHOLE CITY GAILY DECORATED

General Wilson Delivers Address of the Day and Is Followed by Secretary of War Root—Other Prominent Men Speak.

New York, May 27.—New York officially commemorated the 250th anniversary of the establishment of municipal government in New Amsterdam, afterwards called by force and treaty by Holland and England, New York. The whole city was gay with bunting. The city hall, where the main exercises were held, and city hall park were the center of attraction, the decorations there being especially elaborate. In the public schools half a million children took part in special patriotic exercises.

Mayor Low presided over the ceremonies at the city hall. The invocation was pronounced by the Rev. Cornelius L. Wells, pastor of the Dutch Reformed church of Flatbush, the oldest church of that denomination here. Mayor Low delivered a brief address, referring especially to the city's marvelous growth and the open handed charity of the people.

"Our special pride," said he, "is that we are an American city and our chief ambition is to show how the greatest American city can best serve the world."

General James Grant Wilson, of the New York Historical society, delivered the oration of the day and was followed by Elihu Root, secretary of war, who prefaced his remarks with a letter from President Roosevelt.

SETH LOW.

After expressing his regrets at his inability to be present, the president wrote:

"The changes in New York city during the 250 years which have just elapsed are such as could be paralleled nowhere else in the world. We now have in New York the second largest city of the world, and it is no idle compliment to you and those associated with you, Mr. Mayor, for me to say that there is no other city here or abroad of whose governing officials its people have more just reason to feel proud."

In his address Secretary Root said: "The people of the city are able to show their capacity to govern themselves—slaves to no ruler and to no party. The men who 250 years ago founded this municipal government were sound and wholesome men, and their spirit of freedom, of toleration, of civic pride and good citizenship survives, permeating the whole increasing mass of the great metropolis. I am proud to come back from the councils of the nation to my own home; proud to be a citizen of New York."

Addresses were also made by Governor Odell, Judge John Clinton Gray, of the state court of appeals; the Rev. H. Pereira Mendes, rabbi of Congregation Shearith Israel, and Bishop Henry C. Potter, of the Protestant Episcopal diocese of New York. The Right Rev. John M. Farley, archbishop of New York, pronounced the benediction.

THE SECRETARY JOKES BY CABLE

Root Pokes Fun at Governor Taft at Good Safe Distance.

Washington, May 27.—Manila papers publish the cable correspondence between Secretary Root and Governor Taft, of the Philippines, during the time when anxiety was felt here concerning the health of the governor. Governor Taft went to Benguet and in answer to a cable April 15, concerning his condition, he answered that he "stood the trip well; rode horseback 25 miles."

The next day Secretary Root sent the following:

"Referring to your telegram of April 15, how is the horse?"

Governor Taft weighs about 250 pounds and Secretary Root could not resist the temptation to make the jocular inquiry by cable.

$4,000 for Kishenev Hebrews.

Baltimore, May 27.—Dr. Harry Friedenwald, who has charge of the contributions for the relief of the Kishenev sufferers, sent by cable $4,000, or 20,575 francs, to M. Narcisse Leven, the president of the Alliance Israelite Universelle, at Paris with instructions that the money is to be used for the benefit of Kishenev Hebrews only.

Severe Fire in New England Town

Laconia, N. H., May 27.—Nearly 100 buildings have been burned, 350 persons made homeless and a loss of between $350,000 and $400,000 as the result of a fire in the Lake Port section, the area burned over being about 150 acres. The fire started in a boiler room of the H. H. Wood hosiery mill.

TEDDY WISHES ENDORSEMENT

Of Republican State Convention and Senator Hanna Will Offer No Opposition.

Cleveland, May 27.—Senator Hanna has decided to offer no further opposition to a proposed resolution in the coming Republican state convention endorsing the candidacy of President Roosevelt for another term. Senator Hanna makes the following statement:

"I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention and I have telegraphed the president to that effect."

Senator Hanna positively declined to further discuss the subject, insisting that the brief statement fully covers the situation.

It is the general belief, however, among those close to the senator that he still doubts the advisability of the adoption of a resolution endorsing President Roosevelt's candidacy by this year's convention. But, it is pointed out, that in deferring to the president's judgment and expressed wishes Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

Presbyterians Discuss Home Missions.

Los Angeles, May 27.—The subjects of home missions and aid for colleges occupied the two sessions of the Presbyterian general assembly. Both reports were productive of long and interesting debate. The notable speech of the day was made by Rev. Charles L. Thompson, of New York. His denunciation of Mormonism was especially strong, and every sentence was greeted with applause from the assembly and the gallery. The entire afternoon was taken up with the discussion of the report of the special committee on aid for colleges.

Flood Situation at Salina.

Salina, Kan., May 27.—This city is the scene of the worst flood in its history. Fully 100 families have been driven from their homes and the extent of the damage is estimated at hundreds of thousands of dollars. Another rain has fallen, making four inches of rain within the last 24 hours. The northwestern portion of the city is entirely submerged and women and children were rescued from their homes in boats. The Missouri Pacific grade on the west is holding back a large and threatening body of water. If the water shall cross the tracks the entire western portion of the town will be under water. A passenger train on the Lincoln branch of the Union Pacific is held between two washouts two miles north of here. The passengers were brought here on handcars. As far as the eye can reach the wheat fields have been transformed into a great lake. Crops are ruined and homes deserted.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6-year-old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new routts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

Were Not Married.

The statement printed this morning in a local newspaper that Miss Inez Howard and Wilse Orr were married at Calcutta Sunday is vigorously denied. Interested parties say there was absolutely no couse for such a story. It has caused them no little annoyance and embarrassment.

Scraper at Work.

The big scraper from down town was in operation on St. George street today. This is the first time the machine has been used in the East End. Much work is being done on the East End thoroughfares and they are in better condition now than for many months.

EAST END AFFAIRS.

Robert Larkins has sold one of his fine gray colts to Dr. O. D. Shay.

The clay department at Laughlin No. 1 suspended operations this morning owing to break in the lawn.

'Squire L. W. Carman returned last evening from Independence, Pa., where he has been spending several weeks on a business mission.

Adaline, the 2-year-old daughter of D. Frank White, of Railroad street, was taken seriously ill this morning at an early hour and for a time her condition was critical. She is better this afternoon.

A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

Will Address Alumni.

Lisbon, May 27.—(Special.)—Supt. H. M. Crooks, of the Lisbon schools, will make the address at an alumni banquet in East Palestine tomorrow evening.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

AGAINST MRS. GREEN

Charges Are Filed By East Liverpool Officers in Court at Steubenville.

Steubenville, May 28.—In the suit of Charles Green, a potter of this city, vs. Frances Green, of East Liverpool, two affidavits have been filed, one each from Officers Morris and Dawson, of that city, who say that Mrs. Green's reputation is bad, and that they have often seen her in the company of women of bad repute. They say that she is staying at present at a house of questionable character in East Liverpool.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

Storm in Michigan.

North Branch, Mich., May 27.—A tornado passed over this section, entailing a property loss that will amount to thousands of dollars and causing the more or less serious injury of several persons. The Pontiac, Oxford and Northern railroad depot and freight house and the mammoth hay barn of the North Branch Grain company were demolished. Reports from Decatur, Reading, Lansing, Boral, Emmet and Deckerville say the storm did much damage in those localities.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoisseurs of every country would consider their collections incomplete without some speciments of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 40 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will hear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

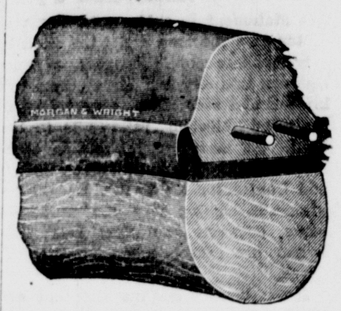

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6-year-old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new Routts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

AGAINST MRS. GREEN

Charges Are Filed By East Liverpool Officers in Court at Steubenville.

Steubenville, May 28.—In the suit of Charles Green, a potter of this city, vs. Frances Green, of East Liverpool, two affidavits have been filed, one each from Officers Morris and Dawson, of that city, who say that Mrs. Green's reputation is bad, and that they have often seen her in the company of women of bad repute. They say that she is staying at present at a house of questionable character in East Liverpool.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially. I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

The advice of the News Review and of the citizens who have the best interests of the city at heart has been taken by council, and that body has rescinded its action looking to an issue of bonds, which, in the opinion of business men and expert financiers, would be adequate to the city's needs. Instead of voting on an issue of $59,000 in bonds the city will have a chance of voting on an issue of $93,000, a sum which will be sufficient to tide over present difficulties and enable the city to get on a business basis financially. There ought to be no difficulty in securing the approval of the voters for the proposition. It is not only a safe and economical way out of the difficulty, but the only way out. If the proposition should not be accepted the result would be a burden of debt and embarrassment that would plunge the city's finances into a condition of almost inextricable confusion. But the good sense of the people and the popular faith in the business men directing the affairs of the city may be relied upon to do what is wisest and best—approve the bond issue, rid the city of the needless incubus of 7 per cent interest, insist upon economy in expenditures and contract no bills that there are no means of paying. A wise use can be found for $93,000, and there will be no temptation to extravagance in making that amount available. It is neither a large nor a burdensome amount of debt, when the size, wealth and future prospects of the city are considered. Even if it were a serious burden, there is nothing short of repudiation that would render it possible to avoid shouldering it.

Senator Hanna is reported to have decided to offer no opposition to the endorsement by the Ohio Republican convention of President Roosevelt as the presidential candidate for 1904. He has learned that not only are the people of Ohio desirous of giving such an endorsement, but the president is desirous of having it. The senator is not against President Roosevelt in any shape or manner. It was simply his opinion that, as no presidential nomination is to be made this year, action on the part of the convention would be ill-advised. But public sentiment in Ohio, as well as throughout the country, is overwhelmingly in favor of climbing into the Roosevelt band wagon at once, and Senator Hanna is too good a Republican as well as too shrewd a politician to oppose it. The coming state convention therefore will doubtless give the president's candidacy the warmest and heartiest kind of endorsement. As far as Ohio is concerned, it would make no difference if it should not do so; the people of the state would be just as firm and strong for Roosevelt. But the example and influence of Ohio in political matters counts for a great deal in other states. Ohio, as usual, will not be backward about speaking its mind and standing on the popular side. This is as it should be, and the enemies of Ohio and of its senators who have been looking for a row in the convention over the matter, will find themselves false prophets, as they have often done before.

A new child labor law goes into effect in Illinois on July 1. One of its provisions requires that, in the absence of any records in school or county, parents must go before the county or juvenile court and make oath to the age of the children. Instances of this kind, however, are rare, for the reason that most children have attended school at some time and the registration of age is a precedent to admission to the schools. The new law will thus do away with false affidavits and will work a hardship to notaries who have done a thriving business in issuing the affidavits upon the mere statement of parents.

OBITUARY

Thomas Anderson.

Thomas Anderson, aged 75 years, died at his home on Walnut street at 11:30 o'clock last night after a brief illness with erysipelas. The funeral services will be conducted at the residence at 2 o'clock Friday afternoon by Rev. C. G. Jordan, of the First Presbyterian church and the interment will be made in Riverview cemetery. Mr. Anderson was born September 28, 1827, in Beaver county, Pa., and came to this city when about 16 years of age. He had resided here ever since. He was married in November, 1849, to Louisa Warrick, who died two years ago last January. She was a daughter of the late William Warrick and a sister of Mrs. Esther Thomas and Mrs. Susan Harker, both of this city.

Mr. Anderson won the respect and esteem of all by his rugged character, in which sterling honesty and love for the right were predominant features. His disposition was genial and hearty and his friends were a legion. He was a lifelong member of the Presbyterian church and a regular attendant at the services. Mr. Anderson followed the trade of a carpenter and during his last years of active life devoted most of his labors to pottery wood work. In making sagger drums and other models he was considered an expert.

The surviving children are Mrs. D. A. Naugle, of Princeton, Ill.; John E. Anderson, corner Walnut and East Fourth streets; Mrs. Marie Ramsey, who lived at the old home and George T. Anderson, foreman of the Cleveland World. Two brothers, John, of New Windsor, Ill., and Robert, of Beaver, Pa., also survive. Word has been received from Mrs. Naugle that she is too ill to make the trip here to attend the funeral, but all the other near relatives have arrived.

Mrs. Rebecca McLain.

Mrs. Rebecca McLain, aged 78 years, died at the home of her daughter, Mrs. Bupp, on Jethro street, at 1:30 o'clock yesterday afternoon, after a brief illness. The body was shipped to Smithfield, Ohio, this morning where the funeral services will be held and the interment will be made. Several adult children survive her.

WELLSVILLE

HORSE THIEVES CLEVERLY CAUGHT

Men Accused of Taking a Rig From Irondale Taken Into Custody at Bridgeport.

Constable Charles McIntosh, of Irondale, is rapidly coming to the front and will some day be classed with the expert detectives of the country. Yesterday afternoon he showed some of his ability as a detective by going to Bridgeport and placing John Shultz and a man named Reese under arrest for stealing a horse and carriage belonging to Alexander Noble, of Irondale, on Tuesday evening, May 12.

The two men hired the rig to drive to Somerset, saying that they would return that evening or next morning. Tuesday night passed, Wednesday evening came and Mr. Noble began to feel a little worried about his rig. He made several inquiries but the whereabouts of men and rig could not be learned.

After two or three days Constable McIntosh was told of the theft and was asked to lend his services toward returning the stolen horse. Mr. McIntosh took up the case and worked diligently. He visited all neighboring towns and was in Wellsville and gave a description of the thieves to the local police.

While nearly every one else had given up hope of ever seeing the rig again, still Mr. McIntosh did not despair. He still kept up a silent search. On Monday evening he received word that his men were in Bridgeport and he at once set out for that town. He arrived and captured both men and brought them back to Irondale last evening. They will be given a hearing today before 'Squire Bagley, of Irondale and if bail cannot be secured will be taken to the county jail where they will await the sitting of the grand jury.

A DRUNKEN WOMAN

Created a Scene and Chief Houser Took Her to Jail With Difficulty.

Chief Houser had his hands full yesterday afternoon about 1:30 o'clock when a message came from some of the residents of Front street that a woman was in that vicinity whooping and yelling. They asked that an officer come and put a stop to the disturbance. Chief Houser answered the call and when he arrived at the place he found a woman with a lovely jag and from all appearances having a jolly time. Houser called upon several bystanders to lend a hand, which they did, and the woman and her package was taken to the jail.

All a'ong Front street the people came to the door to see the parade, but quickly went in as every time the woman would see anybody looking at her she would curse them for all she was worth and the best efforts of the officer could not quiet her. She will be given a hearing today. Chief Houser stated that it was the toughest proposition he has encountered since he has been on the force.

Madame Isabella Ellen Baveas.

Madame Isabella Ellen Baveas, Life Governor Grand Lodge of Free Masons of England, in a letter from Hotel Saratoga, Chicago, Ill., says:

"This summer while traveling I contracted a most persistent and annoying cold. My head ached, my eyes and nose seemed constantly running, my lungs were sore and I lost my appetite, health and good spirits. Doctors prescribed for me all manner of pills and powders, but all to no purpose.

"I advised with a druggist and he spoke so highly of a medicine called Peruna, that he induced me to try my first bottle of patent medicine. However, it proved such a help to me that I soon purchased another bottle and kept on until I was entirely well."—Madame Isabella Ellen Baveas.

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and oft-repeated doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna.

Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.

ANNUAL BANQUET

Given By the Juniors in Honor of the Seniors an Enjoyable Affair.

The junior class entertained the senior class of the high school last evening at Elwood Bunting's. The crowd gathered at 8 p. m. and the festivities were kept up until 2 a. m. At 10 o'clock the tables were spread and a fine supper served. Prof. McDonald acted as toastmaster and spoke on "Our Schools." Several other toasts were also given. T. A. Hammond, a senior, gave a toast on "Banquet." W. F. Lones, president of the board of education, took for his subject, "Commencement." Harry Allman, a junior, spoke on "The Board of Education." "Our High School" was the subject on which Miss Ruby C. Mason, principal, spoke. Miss Mabel Hewitt, a junior, gave a very interesting speech on "The Seniors." Responding to Miss Hewitt's toast, William Ingram, a senior, spoke on "The Juniors." A. G. MacKenzie was to have been toastmaster but was unavoidably absent. On account of illness, Albert Goetz, a junior, was unable to be present.

A program, consisting of instrumental and vocal solos, was rendered after the supper. Forty-eight persons were present, several members of the board, the high school teachers, Prof. McDonald and the members of both classes.

Horse Tried to Enter House.

Ben Rahter left his horse standing in Tenth street yesterday while he went into the house. While he was in the house the horse took fright at something and started to run. It went down Tenth street and turned and started to go into Henry Stahl's house. The women were all frightened and began to scream and call for help. Constable Henry Thorne, who witnessed the runaway from a distance, came with all possible speed to the scene of the excitement. Here was where Thorne distinguished himself. He succeeded in quieting the animal and led it away from the frightened women as tame as a lamb.

DO YOU GET UP WITH A LAME BACK?

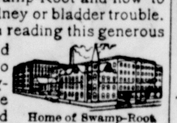

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr Kilmer's Swamp-Root, and the address Binghampton, N. Y., on every bottle.

SOUTH SIDE

TRANSFERS NECESSARY

For a Short Time While the Rock Springs Line Will Be Double Tracked.

Work on the double tracking the Rock Springs railroad on the East Liverpool side of the river will have reached a point by the latter part of week where it will be necessary for the passengers to transfer. It is unfortunate that this inconvenience will have to be encountered at this time, since there will be a number of new attractions at the park, and the crowds will be unusually large.

It is not often that a mistake of this character is made by the construction bosses, but in this instance it is inevitable, and will have to be contended with in spite of the inconvenience it will cause the employes of the street railway.

BASEBALL GAMES

The Chester Team Expects to Win Two Victories the Present Week.

The Chester base ball team has two games scheduled for this week, and in each it expects to be victorious. The team will line up against the street railway employes of the Rock Springs line this afternoon, and owing to the fact that the latter team has not been able to find time for practice, expects to have an easy time for it.

On Saturday afternoon the club will go to New Cumberland, where a game will be played with the team of that town. Though the New Cumberland ball players are not as strong as they were in former years it is predicted the Chester boys will not have a harder time during the season than that with which they will be confronted on Saturday in winning the game.

Nearing Completion.

The finishing touches are being put to the work at the old mill and the job will be in an almost completed state by Friday of this week. Seven men are now employed there, and that is about all the contractor can conveniently handle in the shape the work is in. It may be that the services of several of the men now employed will be dispensed with tomorrow, but this has not been decided upon.

Cleaning Is Needed.

The street commissioner and his force this morning completed the cleaning of the Second street crossing, and the bridge now presents a neat appearance. There are a number of other points in the town very badly in need of attention, and it is hoped the commissioner will devote some time to them in the near future.

CHESTER NOTES.

Frank Stewart, the well known coupon man of New Cumberland, was in Chester today on business.

A new barn is the newest accession to the possessions of the Chester Grocery company. The building was commenced only a few days ago, and is nearly completed.

George Richards, who formerly worked in Chester, came in contact with a hot sheet of tin while working at the Pope mill in Steubenville, severing an artery and cutting a bad gash.

A. J. Smith, the new manager of the East Liverpool bridge, has been ill nearly all the time since coming to this city. Unless he improves he will be compelled to give up the position. Mr. Smith attributes his illness to the bad condition of the water pipes.

L. S. Bambrick, one of the oldest and most highly respected citizens of Hancock county, was in the city this morning from his home near Fairview. Mr. Bambrick is the father of Thomas Bambrick, formerly of the firm of Allison & Hobbs, and also of Attorney George Bambrick, of New Cumberland.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Continued from First Page.

to support them, it is said the anti-saloon league is pushing his candidacy for all it is worth. It has been stated that the association can control Duvall should he be nominated and that, of the other candidates aside from Prof. Beal, of Harrison, the temperance people could say nothing. This may hurt Connell, who has no right to be brought into a fight of this kind. It is presumed by the latter's friends that on account of the fact that Connell had always been outspoken, and was not afraid to voice his convictions upon any subject, the anti-saloon people considered him an unsafe man.

There is a strong suspicion that there has been some arrangement or deal made between Beal and Duvall, but from the best informed politicians in both counties this could not be confirmed. Whatever happens at Wellsville tomorrow, it may be taken as a certainty that Jefferson county will not be the least interesting of the aspirants for senatorial honors.

Little Harrison, with tis 23 delegates and temperance principles, will be on the ground early with a determination to land Hon. J. H. Beal in the coveted position, but there is not a man in this district who has ventured to assume that he will win. There is no doubt that Beal is a good strong candidate, and the fact that his own county has so few delegates must not be taken as an indication that he will not be a factor in case the balloting goes on for any length of time. He has been in public life so long, and by his honesty and fair dealing has built up an acquaintance of so formidable a character that his chances are considered by many to be first class.

Wellsville has made preparations to accommodate the large crowd that is sure to be present. Fully 200 delegates and politicians are expected, and those in charge of the arrangements for their comfort and accommodation have spared no pains in their efforts to make the visitors' stay a pleasant one. Manley's band, of East Liverpool, has been engaged for the occasion and will be on the ground early tomorrow morning prepared to escort the delegations from the four counties to their several headquarters, and afterwards furnish the music at the convention hall. The senatorial committee has secured the Cooper opera house for the occasion, and the fact that the committee made no arrangements as to the length of time that the auditorium will be occupied may be taken as an indication that some at least believe the convention will last for some time.

The four counties will have a representation as follows: Columbiana, 69; Jefferson, 42; Belmont, 55; Harrison, 23. The total vote will be 189, necessitating 95 in order to determine a choice. Columbiana, as will be seen, has more votes than any other of the counties, but not sufficient to nominate. With this county's support, however, any of the counties will have the balance of power.

A large number of the leaders are expected to arrive in Wellsville this evening, but the large majority will not come in before morning. The Harrison county delegation will have some difficulty in reaching Wellsville on account of the round-about route they will be compelled to traverse. They are expected in, however, on the very first train in the morning, and though fewer in numbers, will not be lacking in enthusiasm or loyalty to their champion.

At this time—only a few hours before the storm is due to break forth—the indications are that Columbiana and Belmont will name the senators, though there is nothing more uncertain than politics, and there may be many disappointments before the contest has been decided.

WIFE MURDERED BY DRUNKEN MAN

Samuel Ashby Lodged in Jail at Steubenville For Brutal Crime.

WELL KNOWN IN THIS CITY

He Had Frequently Had Trouble With His Wife—A Fortune Teller Alleged to Have Started the Trouble. The Last Fatal Quarrel.

A murder, the outgrowth of domestic trouble, took place at Rush Run, Jefferson county, about 2 o'clock yesterday afternoon, and caused much excitement. The murderer was Samuel Ashby and the victim was his wife. As far as can be learned during a quarrel with his wife he secured a revolver and shot her, killing her instantly.

Ashby and his wife have been having trouble for a long time and it may be partly due to his mental eccentricities. On March 21 he was taken before the probate court on a lunacy charge, but after examination he was discharged.

The Ashbys reside near Portland station. Ashby is a clay miner and a drinking man and was in Steubenville Monday and became so drunk that he had to be hauled home from the station in a wagon. That night he began to abuse his wife, and for her own protection she fled to the home of Contractor T. J. Stringer, nearby, where she remained over night.

Ashby next morning went to the Stringer home and implored his wife to return home. He promised to be good and to stop drinking and finally his wife agreed to return. At the Stringer home Ashby and his wife both made promises, each agreeing to sign papers that they would forget everything and do right hereafter.

The couple then returned home, and a few hours after the deadly quarrel ensued. Ashby is about 45 years of age, and his wife was a year or two younger. Their oldest boy is Abel Ashby, a well known passenger brakeman on the C. & P. railroad. They have six children.

Ashby was well known in this city, where he had visited many times. He was a railroader years ago and while engaged at that occupation used to be in this city nearly every week. He was injured many years ago in the Conway yards, the accident necessitating the amputation of his left hand. After that he quit the active road work and was given a situation as light tender near his present home. Recently he has been employed in a brick works. Friends in this city assert that he was of an amiable disposition and that if he is guilty of the terrible crime of which he is charged there must have been some strong motive for the deed.

It is said that Ashby has been led by a fortune teller to doubt the faithfulness of his wife. Ashby was arrested by Sheriff Gilson and lodged in Steubenville jail last night.

HIRED MAN DIES FROM ASSAULT

Stark County Community Stirred By What May Be a Murder.

Canton, May 27.—The people of Wilmot and Sugar Creek township are excited over what is said to be a murder. Thursday of last week Farmer Simon Brandt, of Sugar Creek, had a quarrel with his hired man, Reeves Mitchell, and, it is claimed, struck him over the head with a board.

The victim of the assault died yesterday. Mitchell lay unconscious and unattended for 24 hours, finally crawling to a barn, where he lay all night unable to move. The next day he crawled out to the roadside, where he was found by Rev. Spring, who took him to Wilmot. Medical aid was called and the man's condition found to be serious. He was conscious part of the time and told the story of the assault. He lapsed into unconsciousness and his death occurred early yesterday morning. After his death, Coroner Cole, of Holmes county, was called. An examination showed that Mitchell had suffered a fracture of the skull as the result of the blow. Prosecutor Day will make an investigation.

Farmer Brandt has not been arrested and no one has yet secured a statement from him as to the quarrel or the provocation. He is a rich farmer of good character.

The announcement of the death has created great excitement and there is considerable indignation expressed that Mitchell should have been left to die unattended during such a length of time.

B. C. ANSLEY SUCCESSFUL

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence, B. C. Ansley, the popular druggist, has succeeded in getting the Dr. Howard company to make a special half-price introductory offer on the regular 50c size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that Mr. Ansley is willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific, that Mr. Ansley has been able to secure a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once or send 25c and get sixty doses of the best medicine ever made, on this special half-price offer with his personal guarantee to refund the money if it does not cure.

BILL OF EXCEPTIONS

In the Appealed Case of Mason Against Defunct Bank Argued.

Lisbon, May 27.—(Special.)—In the case of Charles H. Mason against the directors of the defunct First National bank of Lisbon the accuracy and scope of the bill of exceptions was argued by W. G. Wells for the plaintiff and C. S. Speaker for the defendant. The defense excepted on the ground that in filing the case in the circuit court, it having been carried up on an error in the charge of the court to the jury, the bill of particulars was not explicit enough as to some of the testimony.

C. & P. Line to Marietta.

Wheeling, May 27.—An important announcement was made here that the Pennsylvania Railroad company had decided to extend the Cleveland & Pittsburg division on through from Bellaire to Marietta, on the north side of the Ohio river, a distance of 80 miles. The old Ohio valley rouse, the stone bridges and grading of which still remains after nearly 40 years, will be followed.

Settled Out of Court.

Lisbon, May 27.—(Special.)—Court was in session yesterday afternoon. The case of Casper C. Tritt against Burt G. Baker was settled. The litigation grew out of the sale of a Lisbon planing mill to Baker and there was a dispute as to the book accounts. The sum sued for was $3,000.

ATHLETICS TO PLAY PITTSBURG AMETEURS

Trip Has Been Arranged For Next Week Which Includes Warren and Niles.

The East Liverpool Athletics will leave Friday evening for Pittsburg, where they will play two games the following day with the Pittsburg Amateurs, formerly known as the Junctions. it is one of the fastest teams around Pittsburg but the Athletics are confident of taking them into camp. The Athletics will be the representative team of the city this season away from home and will make a number of trips the first of which has been arranged for. Next Tuesday they will go to Warren, Ohio, and the day following to Niles. These towrs have fast teams. Several other games may be arranged before the team returns home.

Following is the lineup for the games at Pittsburg Saturday: L. Emmerling, catcher; G. Emmerling and Allison, pitchers; McAvoy, short; Tyson, first; Coleman, second; Bridge, third; Myler, left; E. Carey, middle, and Bennett, right.

SPORTING MISCELLANY.

Billy Karrick will receive a reputed salary of $15,000 for training Hermis.

—

The American association teams may carry but 13 men, according to the new rule.

—

Chicago seems to be shining in base ball this year. Her National and American league clubs are both in shape to close at the top with good luck.

—

—

It was a bad decision by a Sunday school superintendent that impelled "Bob" Fitzsimmons into the prize ring. "Fitz" never says much about it, for he still rankles under the injustice that was done to him nearly 30 years ago.

—

"Sammy" Smith, of Massillon, a brother of Harry Smith, catcher for the Pittsburg team, is expected to break into fast company this season. He held the heavy-hitting All-Akron team down to one run and two hits last Saturday.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

STRANGE AFFLICTION

Comes Upon a Farmer, Who Is Left Only Partly Conscious.

Jason Moore, who resides about six miles west of Salineville met with a peculiar accident Friday evening at his home. In the evening he went to the barn, procured a horse and started after the cows a short distance away. Upon his return he put the cows in the stable, put away his horse and walked slowly up to his residence. He was met at the steps by his wife, who asked him in a casual way to step into the house, but he answered her in a queer and unnatural way, and seemed to deliberate on the question. She at once detected something wrong with him, and finally after some time induced him to enter. All the time he was talking in an unconscious manner. Mrs. Moore as soon as she had succeeded in inducing him to enter called up on the 'phone Joseph Ferguson, who is a nearby neighbor, who hurried to the home of his neighbor.

The wife and neighbor attempted to find out what accident had befallen hm, but they were unable to solicit a satisfactory answer. They then telephoned for Dr. Walker, who speedily hurried to the home. He made a preliminary examination and failed to discover anything wrong with the man, except a few scratches on his face, shoulder and a small scratch on his left side. The affliction, whatever it may be, was probably caused by a sudden fall or jar. His condition is somewhat improved, but he is yet only partly conscious.

AGREEMENT REACHED AS TO SWAMP DRAIN

Owners of Land And Not the Counties Will Construct the Ditch.

Lisbon, May 27.—(Special.)—The county commissioners returned last evening from Pittsburg, where they met the Mahoning county commissioners relative to a proposed county ditch. There is a tract of hundreds of acres of swamp northwest of Salem through which a company ditch was made some years ago, partly reclaiming the tract. The ditch has partly filled, becoming useless, and the land owners want a new drainage course at the expense of the two counties.

While the commissioners of neither county are ready to do so much for private property, they have succeeded in securing concerted action on the part of the land owners to build the ditch at their own expense.

The swamp tract starts in Mahoning and runs through the northeast corner of Perry township.

RESOLUTION.

Be it resolved by the council of the city of East Liverpool, Ohio, that J. N. Vodrey, John J. Kerr, Sr., and F. G. Croxall, three disinterested freeholders of the corporation, who are hereby appointed a board for that purpose, be required to prepare and report to council an estimated assessment of thirty-one thousand one hundred and fifty-seven and four one-hundredth dollars ($31,157.04), said amount being forty-nine fiftieths (49-50) of the cost of improving Pennsylvania avenue from lot No. 1589 to the East End public school building, upon the lots and lands especially benefited by said improvement, as set forth in ordinance No. 664 to improve said street, passed the 22d day of January, 1901, said assessment to be in proportion to the benefits which result to such lots and lands from said improvement and limited to the special benefit conferred thereby on each lot or parcel of land assessed.

Adopted May 18, 1903.

JOHN HORWELL,
President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Approved this 19th day of May, 1903.

W. A. WEAVER, Mayor.

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening disease Catarrh is. It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Miss MARY L. STORM, Northwest Cor. 7th and Felix Sts., St. Joseph, Mo.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

COUNCIL DECIDES MANY QUESTIONS

No Action Taken on Tax Levy on the Ground That It Would Not Be Legal.

PAY FOR EAST END MAIN

Is Arranged For—A Vacancy on Pennsylvania Avenue Assessing Board Filled By the Appointment of John W. Hall—Other Matters Acted On.

Numerous questions of importance were taken up by council at the regular meeting held last evening. President Horwell called the meeting to order, and every mmber responding to roll call, he at once started the ball rolling and had all business transacted with dispatch.

The report of the finance committee which met on Monday evening to apportion the annual tax levy, was requested and Chairman Bullock, of the committee, offered a full statement. He pointed out the amounts anticipated to be spent during the fiscal year, showing an increase over last year of several thousand dollars and stated that the committee, after careful consideration, had decided to recommend that the entire amount allowed by law be levied, which is 10 mills. Last year it was 9.5.

The councilmen favored the report of the committee, but no action was taken, upon the advice of City Solicitor Davidson, who informed the body that action under the circumstances would not be in accordance with the provisions of the code. The committee, he showed, had been a little too hasty, much red tape being required by the law. The law was cited and the matter will not be taken up until all necessary forms are complied with. Auditor Davidson thought action was legal, but will notify the officers and boards to submit an estimate and then the question will be disposed of in regular form.

The Laughlin China company requested council to give a note on the city, bearing 3 per cent interest, in payment for the amount the company expended in extending the new water main to the East End. Though the several manufacturing establishments in the East End stood for the expense of the improvement, the Laughlin China company agreed with the other companies to assume the responsibilities and it is this company that is to pay all debts to the water works department. Council could see no reason why the obligation should not be settled. Mr. Bullock made a motion that a note be given the Laughlin company, but wanted the company to agree first to repair the gutter on Pennsylvania avenue, destroyed when the main was laid. It was argued by other members that such matters should be attended to by the board of public service, and the recommendation was stricken out. The motion, however, was finally passed.

Mr. Johnston asked that the board of public service be requested to look after the grading work that is being done on Prospect street. He stated that the contractor is allowing the dirt to be hauled to another street and piled up in a manner making the street almost impassable. It was decided to notify the board of the matter and also that of the gutter on Pennsylvania avenue.

It was announced that F. G. Croxall declined to serve on the Pennsylvania avenue assessing board and the name of John W. Hall was presented. A vote was taken and the latter was elected to fill the vacancy.

A plat of Melvin Smith's addition to the city, located on Pleasant Heights, was submitted for acceptance, but no action was taken, it being referred to the city engineer, street committee and board of public service.

Upon the request of Mr. Bullock for another member to be appointed on the finance committee of council President Horwell appointed Mr. Moon.

BOY FUGITIVE LANDED IN JAIL

Attempts to Murder Mother for Giving Testimony Against Him—Escaped from Reform School.

Cameron, W. Va., May 27.—Frank Marshall was brought to Moundsville and confined in the jail to await the action of the grand jury on the charge of attempting to kill his mother. Marshall is not yet 18 years of age and has a bad criminal record.

Marshall is an escaped inmate of the reform school at Pruntytown. He was sent there two years ago from Benwood for the same charge he is now held for—attempting to cut his mother's throat with a razor because she reproved him in some manner. He turned up at his home and decides to avenge himself upon his mother for her testimony against him when he was convicted previously. He watched his chance and drew a revolver and fired several times at his mother, but neither shot took effect, and before he could reload his gun the neighbors had became aroused by Mrs. Marshall's cries and hurried to her assistance.

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is to-day a well man, hale and hearty. He writes straight to the point:

DR. DAVID KENNEDY,

Dear Sir:—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

WM. J. HARVEY.

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears.

For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and catharties but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

A MAN-EATER IS AT LARGE

HARROWING TALE OF A WILD BEAST IN BELMONT.

Peaceful County Disturbed By the Marauding of a Savage Animal.

Bridgeport, May 27.—A man eater of the Hindoostan species has found a location in the wilds of the southern part of Belmont county, in the vicinity of Raven Rock, that resembles his native place to as great extent as any other that he could find in the great state of Ohio.

This location is noted all over the state as its wildest part, abounding in caves and caverns that will securely hide from ten to fifty men, and is in the midst of a formerly well wooded portion. The timber has been culled out in the last two or three years, leaving the smaller timber and undergrowth and refused waste in such a shape as to make it almost impossible for man to penetrate it with anything like satisfaction, even though he be fond of the chase or the glories in angling for the numerous bass that inhabit old Captina creek, that wends its way through this vast forest.

A number of the farmers in the vicinity of Raven Rock have been losing their shoats, and occasionally a calf will be found missing. A few times parts of these have been found, which conclusively showed that they had been eaten by some animal. Screams as if issuing from the lungs of a panther, have been heard for some time, but not till recently did the people believe the report of a foreign animal inhabiting that section. A. M. Lucas was the first to sight this animal's lordship, and had it not been for the fleetness of the horse that he was riding he would not be living to tell the tale. Since being seen by Mr. Lucas quite a number of responsible farmers have testified to seeing this strange being of the forest of peaceful Belmont county.

E. C. Ward, a school teacher of Wayne township, was lucky, or unlucky enough to sight him at a distance the other evening.

So great is the excitement that the Alledonia Rifle club and the Quincy Rifle club, of St. Clairsville Junction, who, with the local nimrods, led by Whetzel Moore, of Capina, have now determined to capture the "man eater," as they term him, or spend the week in search of his rendezvous from which he is terrorizing the people into an insane fear that keeps every one at home after the shades of night begin to fall. The supposition is that this animal has escaped from some show and located in this much to be desired place.

NERVOUS HEADACHE BREEDS INSANITY

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief found. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. George Hall, of No. 389 West Market Street, East Liverpool, Ohio, says: "I was bilious—had nervous headaches, hard and constant—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed as the biliousness overcome—the headaches cured and bodily and nerve strength furnished."

Will Manufacture Mosaic Work.

Wheeling, May 27.—The perfection of the American Mosaic Brick and Tile company was accomplished at a meeting here, with Eugene Kelly, Detroit, president; Paul McCoy, Fairmont, treasurer, and L. W. Hagg, Jackson, Mich., secretary, present. The authorized capital stock will be $500,000. The scheme of the company is to locate plants all over the United States. Mr. Kelly states that the company will construct their first plant in Wheeling. The process is a chemical one and it is necessary to have a kind of sand found only in Michigan to make them.

President Encounters Bad Weather.

Spokane, May 27.—President Roosevelt doubled back into Washington from the Couer d'Alene mining camps of Northern Idaho. The party encountered inclement weather in the mining towns. The greatest crowds ever gathered in Spokane greeted the president. After a long drive through the city the president spoke to the people of Spokane and surrounding country. The president's train left in the evening for Montana.

Plugged Keyhole and Turned on Gas.

Wheeling, May 27.—Jim Horner, of Ravenswood, was asphyxiated at the Park hotel. The victim was a young man from the farm. The keyhole of the door was carefully plugged with a handkerchief.

Bout Ended in Draw.

Boston, May 27.—The 15-round bout between Gus Ruhlin, of Akron, O., and Sandy Ferguson, of Chelsea, at the Criterion Athletic club, was called a draw, although Ruhlin outpointed his opponent.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Now Out of Danger—The little son of H. R. Thompson, who came so near being killed by a fall on Sunday night, is recovering and will not be left with any permanent injuries. The lad's escape from death was little short of miraculous. He fell from a high porch and alighted upon his back and shoulders. A physician was called and made the little fellow comfortable, but it was several days before it could be positively stated that he was out of danger.

All barber shops will be closed on Friday, May 29, at 8 p. m. On Saturday, Decoration day, at 12 o'clock, noon. 124-r

WHITE AND JETT IN SAME JAIL

Guarded by Militia—More Troops May Be Ordered to Jackson.

Jackson, Ky., May 27.—The capture of Tom White and the return of Curtis Jett to Breathitt county were the events on which chief interest focused. The question of whether more troops are needed is agitating the minds of many. While nothing has occurred to arouse apprehension there have been suggestions that do not make all feel secure. The authorities feel that if more troops shall be needed they will be badly needed and that any emergency will be abrupt.

Tom White was arrested at the home of his mother, 18 miles from here, at daylight by a squad of soldiers under Deputy Sheriff Little, who made the arrest. The house was surrounded and White called out. When he reached the fence the warrant was read, and accompanied by soldiers he returned to the house and dressed. At the advice of his attorney, Judge John Noble, he declined to make a statement.

Elisor B. J. Little and 12 soldiers went to Winchester and the order for Jett was honored by Judge Benton. He was placed in irons and arrived here and was committed to jail. He has employed B. F. French, of Winchester, for counsel. An effort will be made by his attorney to get a change of venue. If this fails he will endeavor to have the jury summoned from outside of Breathitt county.

Judge Redwine issued an order placing the jail under militia control and Jailer Spencer turned over the keys to Colonel Williams. Jett and White were not allowed to converse with one another and occupy separate cells. White's attorney was denied the privilege of talking with Jett.

SOCIAL EVENTS

New Century Club.

The members of the New Century club, who during the past year have figured conspicuously in the literary workers of the city, enjoyed their last meeting on Saturday afternoon at the Newell home in Chester. The object of the gathering was not for literary research, but as a fitting close for the year's work and the afternoon was enjoyably spent in social exchange, as the party betook themselves to the woods and there spent the hour in admiring the beauties of nature. A dainty luncheon was served and the afternoon was replete with pleasure.

The Elks Entertain.

The Elks last evening entertained a large number of their friends at a delightful dance at Rock Springs park. The hospitality and good will with which the Elks greeted nearly 400 friends was unlimited. McGraw's full orchestra furnished the music for the dances, and the program for the evening was fully enjoyed. During the winter months the Elks gave a number of delightful dances in the lodge rooms, in the Knowles block, but this entertainment was probably more enjoyable than any social function given by the Elks during the winter.

Delightful Picnic.

The members of Supt. R. E. Rayman's Sunday school class of the First Presbyterian church enjoyed a most delightful picnic and summer outing at Rock Springs park yesterday evening. Between 75 and 80 members of the class attended and the entertainment was enjoyable for all. The ladies of the class took basket lunches and the party partook of refreshments in the old fashioned picnic style. The meeting of Prof. Rayman's large class was one of the most delightful since last fall.

Dinner Party at Lisbon.

Lisbon, May 27.—(Special.)—Miss Hannah Speaker gave a 5 o'clock dinner party to a large number of ladies last evening. The out-of-town guests were Mrs. George Evans, of Canton, and Mrs. Hal Aten and Miss Bessie Aten, of Wellsville.

White Man Believed Guilty.

Lawrenceburg, Ind., May 27.—While the sheriff and deputies and many farmers are still scouring the country for the murderer of Rosa Kaiser, it is now believed that the assault on both Rosa and her father was by a white man and not by a negro and that revenge instead of robbery was the motive. A relative is under suspicion, but the name of the accused could not be learned.

To Investigate American Systems.

Vienna, May 27.—The minister of commerce is sending to the United States experts and officials of the Austrian postoffice to investigate the American telegraph and telephone systems. They will arrive in New York early in June and will visit all the commercial centers.

250TH ANNIVERSARY

Of Establishment of Municipal Government in New York City.

WHOLE CITY GAILY DECORATED

General Wilson Delivers Address of the Day and Is Followed by Secretary of War Root—Other Prominent Men Speak.

New York, May 27.—New York officially commemorated the 250th anniversary of the establishment of municipal government in New Amsterdam, afterwards called by force and treaty by Holland and England, New York. The whole city was gay with bunting. The city hall, where the main exercises were held, and city hall park were the center of attraction, the decorations there being especially elaborate. In the public schools half a million children took part in special patriotic exercises.

Mayor Low presided over the ceremonies at the city hall. The invocation was pronounced by the Rev. Cornelius L. Wells, pastor of the Dutch Reformed church of Flatbush, the oldest church of that denomination here. Mayor Low delivered a brief address, referring especially to the city's marvelous growth and the open handed charity of the people.

"Our special pride," said he, "is that we are an American city and our chief ambition is to show how the greatest American city can best serve the world."

General James Grant Wilson, of the New York Historical society, delivered the oration of the day and was followed by Elihu Root, secretary of war, who prefaced his remarks with a letter from President Roosevelt.

SETH LOW.

After expressing his regrets at his inability to be present, the president wrote:

"The changes in New York city during the 250 years which have just elapsed are such as could be paralleled nowhere else in the world. We now have in New York the second largest city of the world, and it is no idle compliment to you and those associated with you, Mr. Mayor, for me to say that there is no other city here or abroad of whose governing officials its people have more just reason to feel proud."

In his address Secretary Root said: "The people of the city are able to show their capacity to govern themselves—slaves to no ruler and to no party. The men who 250 years ago founded this municipal government were sound and wholesome men, and their spirit of freedom, of toleration, of civic pride and good citizenship survives, permeating the whole increasing mass of the great metropolis. I am proud to come back from the councils of the nation to my own home; proud to be a citizen of New York."

Addresses were also made by Governor Odell, Judge John Clinton Gray, of the state court of appeals; the Rev. H. Pereira Mendes, rabbi of Congregation Shearith Israel, and Bishop Henry C. Potter, of the Protestant Episcopal diocese of New York. The Right Rev. John M. Farley, archbishop of New York, pronounced the benediction.

THE SECRETARY JOKES BY CABLE

Root Pokes Fun at Governor Taft at Good Safe Distance.

Washington, May 27.—Manila papers publish the cable correspondence between Secretary Root and Governor Taft, of the Philippines, during the time when anxiety was felt here concerning the health of the governor. Governor Taft went to Benguet and in answer to a cable April 15, concerning his condition, he answered that he "stood the trip well; rode horseback 25 miles."

The next day Secretary Root sent the following:

"Referring to your telegram of April 15, how is the horse?"

Governor Taft weighs about 250 pounds and Secretary Root could not resist the temptation to make the jocular inquiry by cable.

$4,000 for Kishenev Hebrews.

Baltimore, May 27.—Dr. Harry Friedenwald, who has charge of the contributions for the relief of the Kishenev sufferers, sent by cable $4,000, or 20,575 francs, to M. Narcisse Leven, the president of the Alliance Israelite Universelle, at Paris with instructions that the money is to be used for the benefit of Kishenev Hebrews only.

Severe Fire in New England Town

Laconia, N. H., May 27.—Nearly 100 buildings have been burned, 350 persons made homeless and a loss of between $350,000 and $400,000 as the result of a fire in the Lake Port section, the area burned over being about 150 acres. The fire started in a boiler room of the H. H. Wood hosiery mill.

TEDDY WISHES ENDORSEMENT

Of Republican State Convention and Senator Hanna Will Offer No Opposition.

Cleveland, May 27.—Senator Hanna has decided to offer no further opposition to a proposed resolution in the coming Republican state convention endorsing the candidacy of President Roosevelt for another term. Senator Hanna makes the following statement:

"I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention and I have telegraphed the president to that effect."

Senator Hanna positively declined to further discuss the subject, insisting that the brief statement fully covers the situation.

It is the general belief, however, among those close to the senator that he still doubts the advisability of the adoption of a resolution endorsing President Roosevelt's candidacy by this year's convention. But, it is pointed out, that in deferring to the president's judgment and expressed wishes Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

Presbyterians Discuss Home Missions.

Los Angeles, May 27.—The subjects of home missions and aid for colleges occupied the two sessions of the Presbyterian general assembly. Both reports were productive of long and interesting debate. The notable speech of the day was made by Rev. Charles L. Thompson, of New York. His denunciation of Mormonism was especially strong, and every sentence was greeted with applause from the assembly and the gallery. The entire afternoon was taken up with the discussion of the report of the special committee on aid for colleges.

Flood Situation at Salina.

Salina, Kan., May 27.—This city is the scene of the worst flood in its history. Fully 100 families have been driven from their homes and the extent of the damage is estimated at hundreds of thousands of dollars. Another rain has fallen, making four inches of rain within the last 24 hours. The northwestern portion of the city is entirely submerged and women and children were rescued from their homes in boats. The Missouri Pacific grade on the west is holding back a large and threatening body of water. If the water shall cross the tracks the entire western portion of the town will be under water. A passenger train on the Lincoln branch of the Union Pacific is held between two washouts two miles north of here. The passengers were brought here on handcars. As far as the eye can reach the wheat fields have been transformed into a great lake. Crops are ruined and homes deserted.

20TH YEAR. NO. 125. EAST LIVERPOOL, O., WEDNESDAY, MAY 27, 1903. TWO CENTS.

HEALY STREET RAILWAY HEADED TOWARD LISBON

Three Miles of Line Up Little Beaver Creek Are Expected to Be Completed Before Fall.

CONTRACT LET FOR THAT PART OF WORK

L. W. Healy, general manager of the East Liverpool railway, made a positive statement to a News Review reporter this morning that the recent developments along the rights of way between this city and Lisbon, held by himself and associates, mean that the projected electric railway is to be built. As stated exclusively in the News Review yesterday Mr. Healy and Contractor McSpadden spent the afternoon looking over the proposed route between the East End and Island Run, three miles up Beaver creek.

It was learned this morning that Mr. Healy has interested several Scranton (Pa.) capitalists in the enterprise and they, with Mr. Healy, form the company, which is yet to be organized. Mr. Healy stated this morning that the United Power company was not concerned in any way. So far as is known the company has not been formed, and Mr. Healy is attending to its affairs personally. Just what the plans of the promoters are have not been divulged. The building of the road will require an expenditure of money greater than could be advanced by the few men now interested, and it is likely that the usual stock company will be formed at the proper time. The right of way is considered of such great value that the bonds of the company should be floated without great difficulty.

An agreement was reached yesterday afternoon between Messrs. Healy and McSpadden by which the latter is to take charge of the grading and other work of construction on that part of the road beginning at the present eastern terminus of the East Liverpool railway to Island run, about three miles up the Little Beaver. Mr. Healy stated that the building of the entire line was too great a task to be accomplished this summer, and instead of making an attempt in that direction he will undertake the completion for the portion for which the contract was made yesterday.

Contractor McSpadden has about 50 men in the city and they have been placed at work. He will increase this force to over 100 next week and expects to have the grading done and the rails laid before fall. The greatest difficulty in preparing the roadbed along the entire route will be experienced in reaching Island Run from this end of the line. The topography of the country is such that an unusual amount of cutting, excavating and grading is necessary.

Mr. Healy stated he expected to operate this part of the line as soon as completed.

POLICE COURT WAS VERY LIVELY

Four Victims Waltzed Before Mayor Weaver This Morning for Sentence.

LIVES WERE ENDANGERED

By Oscar Reynolds, Who Was on the War Path—Clergymen Present at the Hearing Were Much Impressed With the Proceedings.

Before a distinguished trio, each a clergyman, Mayor Weaver conducted police court this morning. Luckily it was one of the most interesting midweek tribunals held for some time and the visitors were given a treat. They had read and heard of how a victim is dragged into the presence of a magistrate, the pallor that steals across his face and his collapse when sentence is imposed but it was their first time to see the performance in reality. Two half empty flasks, discolored optics, bloated and toddy-blossomed faces made up a part of the spectacular production, and when the reverend gentlemen left the mayor's quarters they did not wonder why the atmosphere surrounding is not always sanctimonious.

The first culprit trotted into the little room was Oscar Reynolds. He was arrested early last evening by Officer Dawson and answered to a charge of drunk and disorderly. Had he been treated for what he might have done and what he came mighty near doing the longest sentence provided by law would undoubtedly have been imposed. But justice is Mayor Weaver's hobby and the fellow got off with $5 and costs. When arrested Reynolds had a few minutes previously been implicated in a fight in Diamond alley and had just made a desperate attempt to demolish the big plate glass in the building of the Southside land company. He had come sauntering up the alley, and being seized with an attack of maliciousness, grasped a beer bottle and threw it with all his power at the window.

The missile struck the sill and fell to the bricks broken into a thousand pieces. Had it struck where intended, Superintendent Ahrendts and Messrs. Maxwell, Flood, Strauss and others of C. A. Smith's office would most certainly have suffered serious injury. Officer Dawson heard the clash of breaking glass and was on the scene in a moment but had quite a chase in capturing the individual. A large crowd assembled at the patrol box and Reynolds appeared frightened out of his wits at the mob.

Con O'Donald, anything but a novice at the art of hiding booze, was the next to encounter the ordeal. He had been lodged behind the bars by Officer Morris, who found him in a beastly state of intoxication on a principal thoroughfare. Tottering from the effects of a ripe age and trembling as the result of a debauch and his arraignment, he rather appealed to the mayor and was fined the minimum, $1 and costs. He was about penniless, but made arrangements to pay in a few days and was released.

John Stillwell, the painter who was thrown out of employment as the result of action taken by the journeymen painters, became disheartened last evening over his prospects for work in the city and having suffered for some time with the colic that is incident to the troubles of his craft, started out to drown all discomforting thoughts in the hoary topped bowl and finally met Officers Dawson and Aufderheide. He had forgotten all about trouble and was making the night hideous with his jubilant cries when taken into custody. He explained the entire situation to the mayor and promised to leave the city instanter if discharged. The limit, ten minutes, was given him to make good his word and the last seen of him was his frock coat swaying in the breezes at the west end curve of the C. & P. track.

Enoch ("Nocky") Smith had been having troubles with his wife and other members of the family. Chief Wyman placed him under arrest last evening while the street in front of the Smith domicile, Fourth street, was crowded with people who had been listening for hours and watching the maneuvers of the family. "Nocky" said at the hearing that "Her was all to blame." "Her had tried to break his head with a bowl and her had choked and beat him in a terrible manner." Mrs. Smith denied the allegation, saying: "'E caused the trouble." In consideration of the fact that the neighborhood had been so stirred the mayor imposed a fine of $6 and costs. He sort of took the case as a proportion of six of one and a half dozen of the other and if it is continued both man and wife will get a severe dose.

A daughter of Smith appeared at the office of 'Squire McCarron and asked that she be allowed to file a suit of replevin in order that she might get certain household goods from her stepmother that belong to her father. The justice refused.

PEOPLE TO VOTE ON $93,000

City Council Rescinds Former Action on the Bond Question and Provides for a Sum That Will Be Adequate to Meet Financial Needs.

When the people of the city vote for a bond issue some time in June it will be for $93,000 worth. Council so decided last evening, two of the three members who voted against the measure on the first recommendation having expressed a change of mind and wishing, before it was too late, to make a popular move with the people, rescinding their former action and supporting the issue for the entire amount.

The councilmen who voted against the measure were Johnston, Moon and Bullock. The latter was not present last evening when the question was brought up for consideration, leaving when he saw it was about to be taken up and returning after the vote had been taken on it.

Mr. Johnston offered the motion that the former action be reconsidered. He said that personally he was against any issue but for $59,000, which amount he thought sufficient to replenish the overdrawn funds, but having found that all of the heavy taxpayers and the great majority of other residents of the city were in favor of a larger issue he would not oppose them again. Mr. Barlow was very anxious to have the issue passed upon and he seconded the motion with dispatch. A member raised an objection to his action, stating that it was not legal, inasmuch as a measure killed cannot be revived unless a motion is made and seconded by parties exterminating it. Thereupon Mr. Moon offered a second and it was unanimously passed. Mr. Moon felt as did Mr. Johnston. He was against the measure, but knew the people wanted it and was willing to do their bidding.

A resolution was then passed declaring the issue dead and it was up for discussion again. Moon said, as it was the wish of council and the people to raise the amount, he was now in favor of raising it sufficiently to provide for the placing of a vault in the city building and repairing the latter extensively. For that he proposed that $2,000 be added. He brought to bear the argument that the documents of the city auditor, engineer and mayor are in danger at all times, and that the building is a disgrace to the city. His ideas conformed with those of the remaining councilmen.

W. L. Taylor, of the board of public safety, was present and asked for a word. Given permission, he stated that a couple of thousand dollars should be arranged for the board to allow money to furnish the new fire station on the Northside with apparatus. He was informed that $4,000 had been provided for the purpose of attending to that station.

At this juncture the discussion was near a close and President Horwell called for a vote, with the result that every member present voted for an issuance of $93,000 worth of bonds. The date for the election was not set, but it will not be on the date first designated, 15 days being required to intervene between the time a measure is passd and presented to the people for a vote.

MRS. BARTH HELD UNDER $100 BOND

She Pulled Mrs. Stevens' Hair, Scratched Her And Made Threats.

Mrs. Barbara Barth, before 'Squire McLane yesterday afternoon, charged with assulting her neighbor, Mrs. Johanna Stevens on Sunday last, was bound over to court in the sum of $100. She gave security and was released. There was quite a crowd present at the hearing. The troubles of the families of both, who live on adjoining farms a short distance west of the city, were made public and it was shown that there has been more or less agitation between the parties for some time.

Mrs. Stevens proved that Mrs. Barth pulled her hair and scratched her eyes and had threatened to do even worse. Both women had trouble in keeping apart all day Monday, and as a result Mrs. Stevens thought it best to have the case settled by law.

MADE THE FINE LIGHT

Joseph Armshaw Must Pay $1 And Costs for Quarreling With the Starkeys.

The first chapter in the Starkey-Armshaw case was concluded by Mayor Weaver yesterday afternoon when he assessed Joseph Armshaw, charged with disorderly conduct, $1 and costs. The defendant was represented by Attorney John McGarry and the state by Attorney Hill. A number of witnesses were examined and the mayor finally decided that the young man was guilty of the charge, but did not consider the case a malicious one and made the fine as small as possible.

Owing to the sickness of Mrs. Armshaw her case will not come up for trial until next week. At the hearing it is expected that the troubles of the Starkey and Armshaw families will be well aired. Mrs. Armshaw is expected to sue the Starkeys later.

May Fight the Case—Michael Clorran, the saloonist of Sixth street, will appear before the mayor tomorrow evening to answer to the charge of keeping his saloon open on Sunday. It is understood that he intends fighting the case and in anticipation of that the charge has been made under the state law, which if he be found guilty will insure him a sweet dose.

Estimates on Equipments.

New York, May 27.—(Special)—The Westinghouse Electric & Manufacturing company are giving estimates on contracts for the electrical equipment of the Youngstown & Southern Electric railway which is to run from Youngstown to East Liverpool.

Nuzum Still Lives.

Lisbon, May 27.—(Special.)—Frank Nuzum, who was shot at Elkton a week ago, is still alive. He passed a restless night and the physicians still have no hope for him.

THE PROHIBITIONISTS IN STATE CONVENTION

Local Delegates Prominent in the Deliberations at Springfield.

Springfield, O., May 27.—(Special)—The state Prohibition convention is meeting here and is expected to make nominations today. Among the delegates are E. H. Brosius, of Alliance; Rev. W. H. Beynon, Youngstown; S. J. Faulk and C. F. Bough, East Liverpool and Joseph R. Stratton, Salem. A feature of the preliminary organization was the presentation of a gavel to the temporary chairman by a prominent ex-confederate soldier. The delegates were addressed last evening by O. W. Stewart, of Chicago, national chairman.

The Eighteenth district delegates organized by electing S. J. Faulk, of East Liverpool, chairman, and J. R. Stratton, of Salem, secretary.

MATTERS OF IMPORTANCE FOR THE SAFETY BOARD

Will Come Uu for Consideration at the Meeting to Be Held This This Evening.

The board of public safety will hold its regular weekly meeting this evening. A member stated this morning that many matters of importance are to be considered and that the session will likely be of considerable length. Though two members were requested to compile a set of rules and regulations it is expected that they will not have finished the work, it being a more stupenduous task than anticipated.

A Free Lecture Tonight.

Frank P. O'Hare, of New York city, who is now touring the country lecturing on questions of the day, arrived in East Liverpool today from Canal Dover, where he talked to a large and attentive audience on the labor question last night. Mr. O'Hare holds to the belief that the criticisms which are leveled at such men as Mr. Carnegie, Mr. Morgan or Mr. Clauss, are wrong; that the fault lies not with them, but with the working people. He is an old newspaper man, and of late years has been connected with some of the largest corporations in the country. He will speak in the open air at 8 o'clock tonight in the Diamond.

Remanded to Jail.

Lisbon, May 27.—(Special.)—Robert Nace, charged with stealing $6 worth of tools from O. J. Davis, of Lisbon, had a hearing before Justice Dickinson last evening. He pleaded not guilty and was bound over to court. He was unable to give $100 bond and was remanded to jail.

High School Picnic.

Lisbon, May 27.—(Special.)—The annual picnic of the Lisbon high school will be held at Shelton's grove next Tuesday.

GIRLS' ESCORTS LOST IN THE CITY

Came from Beaver Falls And Were Not Familiar With a Large Town.

Two couples, Messrs. Hamilton and Anderson and Misses Barnes and Matell, all of Beaver Falls, drove to the city last evening and while enjoying themselves met with an unfortunate accident. They were preparing to return home at an early hour and headed the horses up Cook street. Arriving at the end of the thoroughfare they found no opening and in attempting to turn around the rig was broken. The men left the girls watching the horses while they went on a hunt for assistance and got lost.

The girls became frightened and when Officer McDermott arrived on the scene graciously accepted his invitation to take them to a hotel for the night. The rig was taken to John Rinehart's livery stable. Contrary to the report of a morning publication the men did not desert the girls and were very sorry that they got lost. The rig was called for by the men this morning and the quartet left for their homes.

COL. BREWER DEAD

The Man Indicted for Manslaughter Will Have His Trial Before a Higher Court.

Tiffin, May 27.—(Special.)—Colonel Albert Brewer, formerly a prominent pottery manufacturer, who was to be tried on June 15 on a charge of manslaughter, for killing Luther A. Hershey in a quarrel, died of heart disease this morning.

Probate Matters.

Lisbon, May 27.—(Special.)—John J. Kerr, as administrator of the estate of the late William Taylor, of Liverpool township, has been given an order for the private sale of real estate to pay the debts of the deceased.

The late Joseph Brown, of Madison township, left no will. His widow, Elizabeth M., and his daughter, Margaret Moore, are appointed executors. Bond, $6,300.

Inspecting Roads And Bridges.

Lisbon, May 27.—(Special.)—The commissioners are in the vicinity of Columbiana today inspecting the stone work of several bridges, where repairs are needed. They will also inspect a hill which the county is asked to grade.

Married in Probate Court.

Lisbon, May 27.—(Special.)—Ellis L. Hiestand, aged 25, of Mahoning county, and Miss Lizzie A. Denny, aged 19, of Columbiana county, were married in probate court this morning by Justice Lodge Riddle.

Working on the Survey.

Lisbon, May 27.—(Special.)—The surveyors for the Youngstown & Southern railway are now working between Columbiana and Leetonia.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Republican Clans Will Gather at Wellsville Tomorrow to Nominate Two Senators.

FOUR FAVORITE SONS IN THE RACE

It is safe to predict that the senatorial convention to convene in Wellsville tomorrow will be the most interesting held by the Twentieth-Twenty-second joint districts in years. Though Columbiana county is entitled by every right to one of the two places to be filled, it would seem this right is going to be denied it. Each of the four counties comprising the district has a candidate, and all will be in at the beginning whether they remain or not.

The delegates from Jefferson, Belmont, Harrison and Columbiana will assemble at Wellsville tonight, and it is just possible that a deal will be made whereby either Belmont or Jefferson will combine with Columbiana, and name the lucky aspirant. What makes the situation look more complicated to the well posted politician is the fact that there has existed a feeling between Jefferson and Columbiana counties which bids fair to play havoc with the latter's ambitions tomorrow.

Belmont has the retiring senator in the person of Hon. Frank B. Archer, and according to the time honored custom of the party, has no right to ask for the place, but she has a candidate and seems as much interested in his election as any of the others. Hon. J. C. Heinlein entered the race early from Belmont and the delegates from that county have been instructed for him. It is possible the Columbiana county men may induce him to get off the track, but none of them are sanguine enough to believe this can be done before at least a few ballots have been taken.

With the feeling existing in Jefferson against us, the leaders in this county do not hope to accomplish anything in that direction. Hon. M. N. Duvall is Jefferson's candidate, and though there is a hot fight against him from his own county headed by Congressman Gill, he will be at Wellsville with a line up of loyal supporters who will stay with him to the very last. Duvall is a Hanna man at heart, but is accused of playing double, and if this can be proven to the satisfaction of a sufficient number of the delegates, his chances for victory will be materially lessened. The Twentieth-Twenty-second district is known to be strongly for Hanna, and any attempt to break the ranks will be resisted to the very end.

If the fight in Jefferson is carried to Wellsville, and there is every indication that it will be some one outside is bound to profit by it. While Duvall did not run on that platform and is under no obligations whatever

VALIDITY OF A SALE IS IN DISPUTE

Litigation Over a Trasaction Made by an East Liverpool Executor.

Lisbon, May 27.—(Special.)—Motion and demurrers were heard by the court today in the case of A. C. Smith, of East Liverpool, as administrator, against James Donkin and others and George Goodwin. It is the claim of the plaintiff that a sale made by A. H. Clark, as administrator of the estate of George Hallam, deceased, did not convey a good title, as the will gave A. H. McCoy and Fred G. Croxall authority to sell. On their resignation Mr. Clark was appointed administrator.

It is claimed that the real estate was sold at much less than its value; that the administrator did not give any bond to account for the proceeds of the sale; that no order from the probate court was obtained to make a sale, and that the authority to make a sale of real estate was a personal trust imposed in the executor's name in the will and did not pass through an administrator appointed by the court.

George Goodwin, William Kent and William Erlanger, East Liverpool men interested in the case, were present.

Cole-Matthews.

Miss Mary Cole and Howard E. Matthews, both popular young people of this city, were married last evening by 'Squire J. N. Rose in his office at 8 o'clock.

Licensed to Wed.

Lisbon, May 27. — (Special.) — Charles E. Triem and Mrs. Maggie Spiker, of Salem, have been licensed to marry.

WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoiseurs of every country would consider their collections incomplete without some speciments of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 40 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will hear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

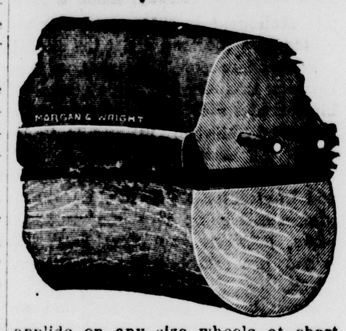

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6 year old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new outts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

AGAINST MRS. GREEN

Charges Are Filed By East Liverpool Officers in Court at Steubenville.

Steubenville, May 28.—In the suit of Charles Green, a potter of this city, vs. Frances Green, of East Liverpool, two affidavits have been filed, one each from Officers Morris and Dawson, of that city, who say that Mrs. Green's reputation is bad, and that they have often seen her in the company of women of bad repute. They say that she is staying at present at a house of questionable character in East Liverpool.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

Storm in Michigan.

North Branch, Mich., May 27.—A tornado passed over this section, entailing a property loss that will amount to thousands of dollars and causing the more or less serious injury of several persons. The Pontiac, Oxford and Northern railroad depot and freight house and the mammoth hay barn of the North Branch Grain company were demolished. Reports from Decatur, Reading, Lansing, Boral, Emmet and Deckerville say the storm did much damage in those localities.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

WITH THE WORKMEN IN THE CLAY PLANTS

SATSUMA WARE.

Although Japan of late years adopted as many occidental customs and systems and modeled her halls of learning after those of the western world, yet there still remain some national fine arts and industries that have remained untouched by intercourse with foreigners. Notably among these is a school of painting and a class of pottery that have been characteristics of Japan for hundreds of years. Many of the potters today work with the same primitive appliances as did their fellow craftsmen of generations ago. On entering a pottery the visitor is perhaps surprised to see the skillful manner in which the lumps of clay are handled and shaped. In many factories small urchins, naked save for a loin cloth, may be seen kneading the clay with their feet. When it has reached the right consistency it is cut into the size required for the article about to be made and then passed on to a workman who sits at a potter's wheel, and even while the visitor gazes in astonishment, it is shaped by the hands of the skillful potter into a vessel for either use or ornament.

The standard of excellence attained by Japanese potters has earned a world-wide celebrity for their wares and connoisseurs of every country would consider their collections incomplete without some speciments of Satsuma or other Japanese porcelain.

The success of the industry is due to a great extent to the patronage of the Diamios of old times. The Japanese are a great present-giving people. Costly gifts are bestowed upon friends and relatives at the time of birth, death, marriage and upon distinguished visitors. It was, therefore the delight of many of the princes and lords of feudal times to have private potteries, where articles suitable to the occasion and social position of the recipient might be manufactured. They encouraged the potters in every way to attain the highest possible standard of excellence. The powerful Prince Matsura had such a factory, which was established more than 700 years ago. The present descendant of this great house is a patron of this art, and owns a private pottery. The finest specimens of porcelain ware presented by this prince to the Shogan and the sale of duplicates, or indeed of any of the porcelain, was strictly forbidden.

The prince of Satsuma also exercised a great influence over this industry. In 1592 the prince of that province brought back with him a number of Corean potters when he returned after his invasion of that country. They formed a community of their own, speaking their own language, conforming to their own customs and only marrying among their own people. They built their kama, or kilns, on the sides of the hills, and many of this style of oven may still be seen in different parts of the empire.

MORGAN'S REPORT.

John W. Morgan, who represented Jiggermen's and Dishmaker's local No. 40 at the convention at Wheeling appeared before the Trenton organization last night and gave a detailed report of the proceedings in relation to a uniform price list for jiggermen in the east. Morgan's report was looked forward to with much interest because he spent considerable time in the west investigating the conditions in force in the pottery there.

His report was one of appreciation for the treatment the jiggermen's case received at the hands of the convention, pointing out that there is still a lack of knowledge as to the true situation among the trades of the west. He said that the western jiggermen were particularly anxious to get at the bottom of the facts and aided him greatly in presenting his claims. Speaking of the present price list of the Brotherhood he said it was not practical to be enforced in the general ware plants of the east. He said that the machinery used in Trenton was much too antiquated and for that reason the local workmen would be unable to turn out the same amount of work as do the men in the west. He advocated that the conference committee which is soon to meet with the manufacturers, advocate the installation of more modern machinery or that a new list be compiled, using the western list as a basis and award the jiggermen a proportionate amount for the inferiority of their condition. Morgan explained the many results from having the uniform list in operation in the west and said that such a measure in force in Trenton would do much to alleviate the many grievances which have crept into the trade during the past few years. An effort will be made to get the manufacturers in line with the sentiment of the jiggermen of the east.

GOING INTO CAMP EARLY.

A number of parties from among the operative potters will leave this city and go into camp within the next few weeks. It has been customary for the potters who go camping each year to work right up to the Fourth of July, or as near to that date as the several plants work. In several instances the present year will be an exception to the rule, as several parties have already gone into camp and others will follow in a week, or ten days at most.

A NEW DEVICE.

A new device for stilting decorated ware has lately been adopted by the Homer Laughlin plants, and is said to have proved very satisfactory so far. It will work quite a revolution in handling decorated ware at the kilns and will prove a great time saver. The device embodies the principle of the sagger, but instead of the body being solid there were but three metal uprights supported by a metal base. Stilts are done away with and permanent pins arranged as on a sagger take their place. The great idea is to keep the face of the plate from being marked. The devices vary in size for plates, fruits, etc., but can be used only for flats. The ware can be taken out after firing and the device refilled without disturbing the pins.

RETURNS TO TRENTON.

William Walker, who came here several months ago from Trenton, where his parents reside and where he learned the trade of presser, had decided to return to his eastern home, and has resigned his position at the plant of the Laughlin No. 2. Mr. Walker is a first class workman and his employers are loath to part with him. He has made many friends during his residence in this city, and they will bear with regret of his recent determination to leave the city.

AMONG THE WORKMEN.

Roy Allison, of Vodrey's, has been confined to his home for the past week by illness.

Harvey Allison, of the Potters' Herald, will leave in a few days for a trip to Canonsburg and Fallston.

George Mountford, turner at Vodrey's, has accepted a similar position at Laughlin No. 1 and has been succeeded by James Gibson, of Cartwright's.

Ed Miller, a prominent young packer, left yesterday morning for Crooksville to accept a position with the Crooksville China company in the packing department.

Latest reports from Wade Hickey, injured in the wreck of the Aughinbaugh building, Wellsville, are that he will soon be able to resume his jigger at the United States pottery.

The decorating department at the K., T. & K. has been working overtime for the past two weeks, the gilders being particularly busy. The entire plant is running steadily.

Harry Foster, gilder at Laughlin No. 3, has received word that his sister will leave her home in England in a few days with East Liverpool as her destination. She will make her home here.

Harry Dawson, of the glost kiln crew at the Dresden, who has been confined to his home by illness for some time, was kindly remembered yesterday by the other members of the crew. A collection was taken for his benefit and a neat sum realized.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

FELL FROM A HIGH WINDOW

Six-Year-Old Jenkins Morgan Painfully Hurt Yesterday Afternoon.

Jenkins Morgan, a 6-year-old lad, living with his parents, Mr. and Mrs. J. W. Morgan, on Mulberry street, fell from the second story of the new Poutts building on Mulberry street yesterday evening and was painfully but not seriously injured.

Young Morgan and some companions had been playing about the building and climbed to the second floor. Morgan was sitting in one of the front windows when one of his comrades accidentally bumped against him, and he fell to the pavement, a distance of 10 or 12 feet. His head and shoulders struck the bricks, cutting several gashes and bruising him painfully.

The lad was carried to his home, where Dr. F. F. Davis attended him. Several stitches were necessary to close the gashes.

INTERESTING MEETING

City Sabbath School Association Met at Second U. P. Church Last Night.

Several hours were very profitably employed last evening at the Second United Presbyterian church by members of the City Sabbath School association in discussing the program that had been prepared for the meeting. Rev. J. W. Gorrell, who was to have conducted the question box, could not be present, and this duty fell to Rev. D. W. McQuiston.

The meeting was opened by President Willis Sloan and the principal topic for the evening, "The Responsibilities of the Leader," was taken up. Messrs. E. D. Moore, Charles Boice, Miss McClure and several others took part in the conference.

PICNIC PREPARATIONS

Badges for Reception Committee And Members of P. H. C. Received Today.

District Deputy D. Frank White, of the P. H. C., has received the caps and badges to be worn by the members of the reception committee at the big P. H. C. picnic at Rock Springs park on Decoration day and he will distribute them at once. He also received several thousand badges to be worn by the members and is distributing them.

It is estimated that the crowd will number from 6,000 to 8,000 people and it may reach 10,000. The Pennsylvania lodges will send at least 4,000 and nearly every member of the five orders in this section will attend.

Will Observe Field Day.

Next Sunday will be observed in this city by the Anti-Saloon league as field day and a number of the churches will be given over to special services for the occasion. Wayne B. Wheeler, of Columbus, attorney for the Anti-Saloon league, is to make the address at the Second Presbyterian church and those who attend will hear temperance subjects ably discussed. Mr. Wheeler is rated one of the brainiest men in the state and he is an orator of unusual force. He has gained a wide reputation as a lawyer for his interpretations of the state liquor laws.

Dr. Manchester's Lecture.

Dr. C. E. Manchester's lecture at the Erie street M. E. church last night upon the "Life of William McKinley," will long be remembered by the large audience which thronged the edifice. In simple eloquence Dr. Manchester told of the character, the work and the habits of the martyred statesman as he had observed them from close association as a comrade during the war, as his pastor and as his friend. It was a most glowing tribute and through it all the keenest interest was manifested.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

The advice of the News Review and of the citizens who have the best interests of the city at heart has been taken by council, and that body has rescinded its action looking to an issue of bonds, which, in the opinion of business men and expert financiers, would be adequate to the city's needs. Instead of voting on an issue of $59,000 in bonds the city will have a chance of voting on an issue of $93,000, a sum which will be sufficient to tide over present difficulties and enable the city to get on a business basis financially. There ought to be no difficulty in securing the approval of the voters for the proposition. It is not only a safe and economical way out of the difficulty, but the only way out. If the proposition should not be accepted the result would be a burden of debt and embarrassment that would plunge the city's finances into a condition of almost inextricable confusion. But the good sense of the people and the popular faith in the business men directing the affairs of the city may be relied upon to do what is wisest and best—approve the bond issue, rid the city of the needness incubus of 7 per cent interest, insist upon economy in expenditures and contract no bills that there are no means of paying. A wise use can be found for $93,000, and there will be no temptation to extravagance in making that amount available. It is neither a large nor a burdensome amount of debt, when the size, wealth and future prospects of the city are considered. Even if it were a serious burden, there is nothing short of repudiation that would render it possible to avoid shouldering it.

Senator Hanna is reported to have decided to offer no opposition to the endorsement by the Ohio Republican convention of President Roosevelt as the presidential candidate for 1904. He has learned that not only are the people of Ohio desirous of giving such an endorsement, but the president is desirous of having it. The senator is not against President Roosevelt in any shape or manner. It was simply his opinion that, as no presidential nomination is to be made this year, action on the part of the convention would be ill-advised. But public sentiment in Ohio, as well as throughout the country, is overwhelmingly in favor of climbing into the Roosevelt band wagon at once, and Senator Hanna is too good a Republican as well as too shrewd a politician to oppose it. The coming state convention therefore will doubtless give the president's candidacy the warmest and heartiest kind of endorsement. As far as Ohio is concerned, it would make no difference if it should not do so; the people of the state would be just as firm and strong for Roosevelt. But the example and influence of Ohio in political matters counts for a great deal in other states. Ohio, as usual, will not be backward about speaking its mind and standing on the popular side. This is as it should be, and the enemies of Ohio and of its senators who have been looking for a row in the convention over the matter, will find themselves false prophets, as they have often done before.

A new child labor law goes into effect in Illinois on July 1. One of its provisions requires that, in the absence of any records in school or county, parents must go before the county or juvenile court and make oath to the age of the children. Instances of this kind, however, are rare, for the reason that most children have attended school at some time and the registration of age is a precedent to admission to the schools. The new law will thus do away with false affidavits and will work a hardship to notaries who have done a thriving business in issuing the affidavits upon the mere statement of parents.

Those New Yorkers who propose to spend $101,000,000 in enlarging the Erie canal should not make light of the improvement of the Ohio river.

OBITUARY

Thomas Anderson.

Thomas Anderson, aged 75 years, died at his home on Walnut street at 11:30 o'clock last night after a brief illness with erysipelas. The funeral services will be conducted at the residence at 2 o'clock Friday afternoon by Rev. C. G. Jordan, of the First Presbyterian church and the interment will be made in Riverview cemetery. Mr. Anderson was born September 28, 1827, in Beaver county, Pa., and came to this city when about 16 years of age. He had resided here ever since. He was married in November, 1849, to Louisa Warrick, who died two years ago last January. She was a daughter of the late William Warrick and a sister of Mrs. Esther Thomas and Mrs. Susan Harker, both of this city.

Mr. Anderson won the respect and esteem of all by his rugged character, in which sterling honesty and love for the right were predominant features. His disposition was genial and hearty and his friends were a legion. He was a lifelong member of the Presbyterian church and a regular attendant at the services. Mr. Anderson followed the trade of a carpenter and during his last years of active life devoted most of his labors to pottery wood work. In making sagger drums and other models he was considered an expert.

The surviving children are Mrs. D. A. Naugle, of Princeton, Ill.; John E. Anderson, corner Walnut and East Fourth streets; Mrs. Marie Ramsey, who lived at the old home and George T. Anderson, foreman of the Cleveland World. Two brothers, John, of New Windsor, Ill., and Robert, of Beaver, Pa., also survive. Word has been received from Mrs. Naugle that she is too ill to make the trip here to attend the funeral, but all the other near relatives have arrived.

Mrs. Rebecca McLain.

Mrs. Rebecca McLain, aged 78 years, died at the home of her daughter, Mrs. Bupp, on Jethro street, at 1:30 o'clock yesterday afternoon, after a brief illness. The body was shipped to Smithfield, Ohio, this morning where the funeral services will be held and the interment will be made. Several adult children survive her.

WELLSVILLE

HORSE THIEVES CLEVERLY CAUGHT

Men Accused of Taking a Rig From Irondale Taken Into Custody at Bridgeport.

Constable Charles McIntosh, of Irondale, is rapidly coming to the front and will some day be classed with the expert detectives of the country. Yesterday afternoon he showed some of his ability as a detective by going to Bridgeport and placing John Shultz and a man named Reese under arrest for stealing a horse and carriage belonging to Alexander Noble, of Irondale, on Tuesday evening, May 12.

The two men hired the rig to drive to Somerset, saying that they would return that evening or next morning. Tuesday night passed, Wednesday evening came and Mr. Noble began to feel a little worried about his rig. He made several inquiries but the whereabouts of men and rig could not be learned.

After two or three days Constable McIntosh was told of the theft and was asked to lend his services toward returning the stolen horse. Mr. McIntosh took up the case and worked diligently. He visited all neighboring towns and was in Wellsville and gave a description of the thieves to the local police.

While nearly every one else had given up hope of ever seeing the rig again, still Mr. McIntosh did not despair. He still kept up a silent search. On Monday evening he received word that his men were in Bridgeport and he at once set out for that town. He arrived and captured both men and brought them back to Irondale last evening. They will be given a hearing today before 'Squire Bagley, of Irondale and if bail cannot be secured will be taken to the county jail where they will await the sitting of the grand jury.

A DRUNKEN WOMAN

Created a Scene and Chief Houser Took Her to Jail With Difficulty.

Chief Houser had his hands full yesterday afternoon about 1:30 o'clock when a message came from some of the residents of Front street that a woman was in that vicinity whooping and yelling. They asked that an officer come and put a stop to the disturbance. Chief Houser answered the call and when he arrived at the place he found a woman with a lovely jag and from all appearances having a jolly time. Houser called upon several bystanders to lend a hand, which they did, and the woman and her package was taken to the jail.

All along Front street the people came to the door to see the parade, but quickly went in as every time the woman would see anybody looking at her she would curse them for all she was worth and the best efforts of the officer could not quiet her. She will be given a hearing today. Chief Houser stated that it was the toughest proposition he has encountered since he has been on the force.

SUMMER COLDS

Produce Chronic Catarrh.

Madame Isabella Ellen Baveas.

Madame Isabella Ellen Baveas, Life Governor Grand Lodge of Free Masons of England, in a letter from Hotel Saratoga, Chicago, Ill., says:

"This summer while traveling I contracted a most persistent and annoying cold. My head ached, my eyes and nose seemed constantly running, my lungs were sore and I lost my appetite, health and good spirits. Doctors prescribed for me all manner of pills and powders, but all to no purpose.

"I advised with a druggist and he spoke so highly of a medicine called Peruna, that he induced me to try my first bottle of patent medicine. However, it proved such a help to me that I soon purchased another bottle and kept on until I was entirely well."... Madame Isabella Ellen Baveas.

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and oft-repeated doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna.

Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.

ANNUAL BANQUET

Given By the Juniors in Honor of the Seniors an Enjoyable Affair.

The junior class entertained the senior class of the high school last evening at Elwood Bunting's. The crowd gathered at 8 p. m. and the festivities were kept up until 2 a. m. At 10 o'clock the tables were spread and a fine supper served. Prof. McDonald acted as toastmaster and spoke on "Our Schools." Several other toasts were also given. T. A. Hammond, a senior, gave a toast on "Banquet." W. F. Lones, president of the board of education, took for his subject, "Commencement." Harry Allman, a junior, spoke on "The Board of Education." "Our High School" was the subject on which Miss Ruby C. Mason, principal, spoke. Miss Mabel Hewitt, a junior, gave a very interesting speech on "The Seniors." Responding to Miss Hewitt's toast, William Ingram, a senior, spoke on "The Juniors." A. G. MacKenzie was to have been toastmaster but was unavoidably absent. On account of illness, Albert Goetz, a junior, was unable to be present.

A program, consisting of instrumental and vocal solos, was rendered after the supper. Forty-eight persons were present, several members of the board, the high school teachers, Prof. McDonald and the members of both classes.

Horse Tried to Enter House.

Ben Rahter left his horse standing in Tenth street yesterday while he went into the house. While he was in the house the horse took fright at something and started to run. It went down Tenth street and turned and started to go into Henry Stahl's house. The women were all frightened and began to scream and call for help. Constable Henry Thorne who witnessed the runaway from a distance, came with all possible speed to the scene of the excitement. Here was where Thorne distinguished himself. He succeeded in quieting the animal and led it away from the frightened women as tame as a lamb.

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

SOUTH SIDE

TRANSFERS NECESSARY

For a Short Time While the Rock Springs Line Will Be Double Tracked.

Work on the double tracking the Rock Springs railroad on the East Liverpool side of the river will have reached a point by the latter part of week where it will be necessary for the passengers to transfer. It is unfortunate that this inconvenience will have to be encountered at this time, since there will be a number of new attractions at the park, and the crowds will be unusually large.

It is not often that a mistake of this character is made by the construction bosses, but in this instance it is inevitable, and will have to be contended with in spite of the inconvenience it will cause the employes of the street railway.

BASEBALL GAMES

The Chester Team Expects to Win Two Victories the Present Week.

The Chester base ball team has two games scheduled for this week, and in each it expects to be victorious. The team will line up against the street railway employes of the Rock Springs line this afternoon, and owing to the fact that the latter team has not been able to find time for practice, expects to have an easy time for it.

On Saturday afternoon the club will go to New Cumberland, where a game will be played with the team of that town. Though the New Cumberland ball players are not as strong as they were in former years it is predicted the Chester boys will not have a harder time during the season than that with which they will be confronted on Saturday in winning the game.

Nearing Completion.

The finishing touches are being put to the work at the old mill and the job will be in an almost completed state by Friday of this week. Seven men are now employed there, and that is about all the contractor can conveniently handle in the shape the work is in. It may be that the services of several of the men now employed will be dispensed with tomorrow, but this has not been decided upon.

Cleaning Is Needed.

The street commissioner and his force this morning completed the cleaning of the Second street crossing, and the bridge now presents a neat appearance. There are a number of other points in the town very badly in need of attention, and it is hoped the commissioner will devote some time to them in the near future.

CHESTER NOTES.

Frank Stewart, the well known coupon man of New Cumberland, was in Chester today on business.

A new barn is the newest accession to the possessions of the Chester Grocery company. The building was commenced only a few days ago, and is nearly completed.

George Richards, who formerly worked in Chester, came in contact with a hot sheet of tin while working at the Pope mill in Steubenville, severing an artery and cutting a bad gash.

A. J. Smith, the new manager of the East Liverpool bridge, has been ill nearly all the time since coming to this city. Unless he improves he will be compelled to give up the position. Mr. Smith attributes his illness to the bad condition of the water pipes.

L. S. Bambrick, one of the oldest and most highly respected citizens of Hancock county, was in the city this morning from his home near Fairview. Mr. Bambrick is the father of Thomas Bambrick, formerly of the firm of Allison & Hobbs, and also of Attorney George Bambrick, of New Cumberland.

THE OUTLOOK PROMISING FOR LIVELY CONVENTION

Continued from First Page.

to support them, it is said the anti-saloon league is pushing his candidacy for all it is worth. It has been stated that the association can control Duvall should he be nominated and that, of the other candidates aside from Prof. Beal, of Harrison, the temperance people could say nothing. This may hurt Connell, who has no right to be brought into a fight of this kind. It is presumed by the latter's friends that on account of the fact that Connell had always been outspoken, and was not afraid to voice his convictions upon any subject, the anti-saloon people considered him an unsafe man.

There is a strong suspicion that there has been some arrangement or deal made between Beal and Duvall, but from the best informed politicians in both counties this could not be confirmed. Whatever happens at Wellsville tomorrow, it may be taken as a certainty that Jefferson county will not be the least interesting of the aspirants for senatorial honors.

Little Harrison, with tis 23 delegates and temperance principles, will be on the ground early with a determination to land Hon. J. H. Beal in the coveted position, but there is not a man in this district who has ventured to assume that he will win. There is no doubt that Beal is a good strong candidate, and the fact that his own county has so few delegates must not be taken as an indication that he will not be a factor in case the balloting goes on for any length of time. He has been in public life so long, and by his honesty and fair dealing has built up an acquaintance of so formidable a character that his chances are considered by many to be first class.

Wellsville has made preparations to accommodate the large crowd that is sure to be present. Fully 200 delegates and politicians are expected, and those in charge of the arrangements for their comfort and accommodation have spared no pains in their efforts to make the visitors' stay a pleasant one. Manley's band, of East Liverpool, has been engaged for the occasion and will be on the ground early tomorrow morning prepared to escort the delegations from the four counties to their several headquarters, and afterwards furnish the music at the convention hall. The senatorial committee has secured the Cooper opera house for the occasion, and the fact that the committee made no arrangements as to the length of time that the auditorium will be occupied may be taken as an indication that some at least believe the convention will last for some time.

The four counties will have a representation as follows: Columbiana, 69; Jefferson, 42; Belmont, 55; Harrison, 23. The total vote will be 189, necessitating 95 in order to determine a choice. Columbiana, as will be seen, has more votes than any other of the counties, but not sufficient to nominate. With this county's support, however, any of the counties will have the balance of power.

A large number of the leaders are expected to arrive in Wellsville this evening, but the large majority will not come in before morning. The Harrison county delegation will have some difficulty in reaching Wellsville on account of the round-about route they will be compelled to traverse. They are expected in, however, on the very first train in the morning, and though fewer in numbers, will not be lacking in enthusiasm or loyalty to their champion.

At this time—only a few hours before the storm is due to break forth—the indications are that Columbiana and Belmont will name the senators, though there is nothing more uncertain than politics, and there may be many disappointments before the contest has been decided.

WIFE MURDERED BY DRUNKEN MAN

Samuel Ashby Lodged in Jail at Steubenville For Brutal Crime.

WELL KNOWN IN THIS CITY

He Had Frequently Had Trouble With His Wife—A Fortune Teller Alleged to Have Started the Trouble. The Last Fatal Quarrel.

A murder, the outgrowth of domestic trouble, took place at Rush Run, Jefferson county, about 2 o'clock yesterday afternoon, and caused much excitement. The murderer was Samuel Ashby and the victim was his wife. As far as can be learned during a quarrel with his wife he secured a revolver and shot her, killing her instantly.

Ashby and his wife have been having trouble for a long time and it may be partly due to his mental eccentricities. On March 21 he was taken before the probate court on a lunacy charge, but after examination he was discharged.

The Ashbys reside near Portland station. Ashby is a clay miner and a drinking man and was in Steubenville Monday and became so drunk that he had to be hauled home from the station in a wagon. That night he began to abuse his wife, and for her own protection she fled to the home of Contractor T. J. Stringer, nearby, where she remained over night.

Ashby next morning went to the Stringer home and implored his wife to return home. He promised to be good and to stop drinking and finally his wife agreed to return. At the Stringer home Ashby and his wife both made promises, each agreeing to sign papers that they would forget everything and do right hereafter.

The couple then returned home, and a few hours after the deadly quarrel ensued. Ashby is about 45 years of age, and his wife was a year or two younger. Their oldest boy is Abel Ashby, a well known passenger brakeman on the C. & P. railroad. They have six children.

Ashby was well known in this city, where he had visited many times. He was a railroader years ago and while engaged at that occupation used to be in this city nearly every week. He was injured many years ago in the Conway yards, the accident necessitating the amputation of his left hand. After that he quit the active road work and was given a situation as light tender near his present home. Recently he has been employed in a brick works. Friends in this city assert that he was of an amiable disposition and that if he is guilty of the terrible crime of which he is charged there must have been some strong motive for the deed.

It is said that Ashby has been led by a fortune teller to doubt the faithfulness of his wife. Ashby was arrested by Sheriff Gilson and lodged in Steubenville jail last night.

HIRED MAN DIES FROM ASSAULT

Stark County Community Stirred By What May Be a Murder.

Canton, May 27.—The people of Wilmot and Sugar Creek township are excited over what is said to be a murder. Thursday of last week Farmer Simon Brandt, of Sugar Creek, had a quarrel with his hired man, Reeves Mitchell, and, it is claimed, struck him over the head with a board.

The victim of the assault died yesterday. Mitchell lay unconscious and unattended for 24 hours, finally crawling to a barn, where he lay all night unable to move. The next day he crawled out to the roadside, where he was found by Rev. Spring, who took him to Wilmot. Medical aid was called and the man's condition found to be serious. He was conscious part of the time and told the story of the assault. He lapsed into unconsciousness and his death occurred early yesterday morning. After his death, Coroner Cole, of Holmes county, was called. An examination showed that Mitchell had suffered a fracture of the skull as the result of the blow. Prosecutor Day will make an investigation.

Farmer Brandt has not been arrested and no one has yet secured a statement from him as to the quarrel or the provocation. He is a rich farmer of good character.

The announcement of the death has created great excitement and there is considerable indignation expressed that Mitchell should have been left to die unattended during such a length of time.

B. C. ANSLEY SUCCESSFUL

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence, B. C. Ansley, the popular druggist, has succeeded in getting the Dr. Howard company to make a special half-price introductory offer on the regular 50c size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that Mr. Ansley is willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific, that Mr. Ansley has been able to secure a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once or send 25c and get sixty doses of the best medicine ever made, on this special half-price offer with his personal guarantee to refund the money if it does not cure.

BILL OF EXCEPTIONS

In the Appealed Case of Mason Against Defunct Bank Argued.

Lisbon, May 27.—(Special.)—In the case of Charles H. Mason against the directors of the defunct First National bank of Lisbon the accuracy and scope of the bill of exceptions was argued by W. G. Wells for the plaintiff and C. S. Speaker for the defendant. The defense excepted on the ground that in filing the case in the circuit court, it having been carried up on an error in the charge of the court to the jury, the bill of particulars was not explicit enough as to some of the testimony.

C. & P. Line to Marietta.

Wheeling, May 27.—An important announcement was made here that the Pennsylvania Railroad company had decided to extend the Cleveland & Pittsburg division on through from Bellaire to Marietta, on the north side of the Ohio river, a distance of 80 miles. The old Ohio valley rouse, the stone bridges and grading of which still remains after nearly 40 years, will be followed.

Settled Out of Court.

Lisbon, May 27.—(Special.)—Court was in session yesterday afternoon. The case of Casper C. Tritt against Burt G. Baker was settled. The litigation grew out of the sale of a Lisbon planing mill to Baker and there was a dispute as to the book accounts. The sum sued for was $3,000.

REALM OF SPORTS

ATHLETICS TO PLAY PITTSBURG AMETEURS

Trip Has Been Arranged For Next Week Which Includes Warren and Niles.

The East Liverpool Athletics will leave Friday evening for Pittsburg, where they will play two games the following day with the Pittsburg Amateurs, formerly known as the Junctions. It is one of the fastest teams around Pittsburg but the Athletics are confident of taking them into camp. The Athletics will be the representative team of the city this season away from home and will make a number of trips the first of which has been arranged for. Next Tuesday they will go to Warren, Ohio, and the day following to Niles. These towns have fast teams. Several other games may be arranged before the team returns home.

Following is the lineup for the games at Pittsburg Saturday: L. Emmerling, catcher; G. Emmerling and Allison, pitchers; McAvoy, short; Tyson, first; Coleman, second; Bridge, third; Myler, left; E. Carey, middle, and Bennett, right.

SPORTING MISCELLANY.

Billy Karrick will receive a reputed salary of $15,000 for training Hermis.

The American association teams may carry but 13 men, according to the new rule.

Chicago seems to be shining in base ball this year. Her National and American league clubs are both in shape to close at the top with good luck.

Twenty years ago Bill Gleason and Bill Hallman joined the Phillies as a battery, Hallman doing the catching. Now they are playing side by side on the bases.

It was a bad decision by a Sunday school superintendent that impelled "Bob" Fitzsimmons into the prize ring. "Fitz" never says much about it, for he still rankles under the injustice that was done to him nearly 30 years ago.

"Sammy" Smith, of Massillon, a brother of Harry Smith, catcher for the Pittsburg team, is expected to break into fast company this season. He held the heavy hitting All-Akron team down to one run and two hits last Saturday.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

STRANGE AFFLICTION

Comes Upon a Farmer, Who Is Left Only Partly Conscious.

Jason Moore, who resides about six miles west of Salineville met with a peculiar accident Friday evening at his home. In the evening he went to the barn, procured a horse and started after the cows a short distance away. Upon his return he put the cows in the stable, put away his horse and walked slowly up to his residence. He was met at the steps by his wife, who asked him in a casual way to step into the house, but he answered her in a queer and unnatural way, and seemed to deliberate on the question. She at once detected something wrong with him, and finally after some time induced him to enter. All the time he was talking in an unconscious manner. Mrs. Moore as soon as she had succeeded in inducing him to enter called up on the 'phone Joseph Ferguson, who is a nearby neighbor, who hurried to the home of his neighbor.

The wife and neighbor attempted to find out what accident had befallen him, but they were unable to solicit a satisfactory answer. They then telephoned for Dr. Walker, who speedily hurried to the home. He made a preliminary examination and failed to discover anything wrong with the man, except a few scratches on his face, shoulder and a small scratch on his left side. The affliction, whatever it may be, was probably caused by a sudden fall or jar. His condition is somewhat improved, but he is yet only partly conscious.

AGREEMENT REACHED AS TO SWAMP DRAIN

Owners of Land And Not the Counties Will Construct the Ditch.

Lisbon, May 27.—(Special.)—The county commissioners returned last evening from Pittsburg, where they met the Mahoning county commissioners relative to a proposed county ditch. There is a tract of hundreds of acres of swamp northwest of Salem through which a company ditch was made some years ago, partly reclaiming the tract. The ditch has partly filled, becoming useless, and the land owners want a new drainage course at the expense of the two counties.

While the commissioners of neither county are ready to do so much for private property, they have succeeded in securing concerted action on the part of the land owners to build the ditch at their own expense.

The swamp tract starts in Mahoning and runs through the northeast corner of Perry township.

RESOLUTION.

Be it resolved by the council of the city of East Liverpool, Ohio, that J. N. Vodrey, John J. Kerr, Sr., and F. G. Croxall, three disinterested freeholders of the corporation, who are nereby appointed a board for that purpose, be required to prepare and report to council an estimated assessment of thirty-one thousand one hundred and fifty-seven and four one-hundredth dollars ($31,157.04), said amount being forty-nine fiftieths (49-50) of the cost of improving Pennsylvania avenue from lot No. 1589 to the East End public school building, upon the lots and lands especially benefited by said improvement, as set forth in ordinance No. 664 to improve said street, passed the 22d day of January, 1901, said assessment to be in proportion to the benefits which result to such lots and lands from said improvement and limited to the special benefit conferred thereby on each lot or parcel of land assessed.

Adopted May 18, 1903.

JOHN HORWELL,
President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Approved this 19th day of May, 1903.

W. A. WEAVER, Mayor.

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening disease Catarrh is. It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was cured and have never since had the slightest symptom of the disease.
Miss MARY L. STORM,
Northwest Cor. 7th and Felix Sts., St. Joseph, Mo.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

COUNCIL DECIDES MANY QUESTIONS

No Action Taken on Tax Levy on the Ground That It Would Not Be Legal.

PAY FOR EAST END MAIN

Is Arranged For—A Vacancy on Pennsylvania Avenue Assessing Board Filled By the Appointment of John W. Hall—Other Matters Acted On.

Numerous questions of importance were taken up by council at the regular meeting held last evening. President Horwell called the meeting to order, and every mmber responding to roll call, he at once started the ball rolling and had all business transacted with dispatch.

The report of the finance committee which met on Monday evening to apportion the annual tax levy, was requested and Chairman Bullock, of the committee, offered a full statement. He pointed out the amounts anticipated to be spent during the fiscal year, showing an increase over last year of several thousand dollars and stated that the committee, after careful consideration, had decided to recommend that the entire amount allowed by law be levied, which is 10 mills. Last year it was 9.5.

The councilmen favored the report of the committee, but no action was taken, upon the advice of City Solicitor Davidson, who informed the body that action under the circumstances would not be in accordance with the provisions of the code. The committee, he showed, had been a little too hasty, much red tape being required by the law. The law was cited and the matter will not be taken up until all necessary forms are complied with. Auditor Davidson thought action was legal, but will notify the officers and boards to submit an estimate and then the question will be disposed of in regular form.

The Laughlin China company requested council to give a note on the city, bearing 3 per cent interest, in payment for the amount the company expended in extending the new water main to the East End. Though the several manufacturing establishments in the East End stood for the expense of the improvement, the Laughlin China company agreed with the other companies to assume the responsibilities and it is this company that is to pay all debts to the water works department. Council could see no reason why the obligation should not be settled. Mr. Bullock made a motion that a note be given the Laughlin company, but wanted the company to agree first to repair the gutter on Pennsylvania avenue, destroyed when the main was laid. It was argued by other members that such matters should be attended to by the board of public service, and the recommendation was stricken out. The motion, however, was finally passed.

Mr. Johnston asked that the board of public service be requested to look after the grading work that is being done on Prospect street. He stated that the contractor is allowing the dirt to be hauled to another street and piled up in a manner making the street almost impassable. It was decided to notify the board of the matter and also that of the gutter on Pennsylvania avenue.

It was announced that F. G. Croxall declined to serve on the Pennsylvania avenue assessing board and the name of John W. Hall was presented. A vote was taken and the latter was elected to fill the vacancy.

A plat of Melvin Smith's addition to the city, located on Pleasant Heights, was submitted for acceptance, but no action was taken, it being referred to the city engineer, street committee and board of public service.

Upon the request of Mr. Bullock for another member to be appointed on the finance committee of council President Horwell appointed Mr. Moon.

A MAN-EATER IS AT LARGE

HARROWING TALE OF A WILD BEAST IN BELMONT.

Peaceful County Disturbed By the Marauding of a Savage Animal.

Bridgeport, May 27.—A man eater of the Hindoostan species has found a location in the wilds of the southern part of Belmont county, in the vicinity of Raven Rock, that resembles his native place to as great extent as any other that he could find in the great state of Ohio.

This location is noted all over the state as its wildest part, abounding in caves and caverns that will securely hide from ten to fifty men, and is in the midst of a formerly well wooded portion. The timber has been culled out in the last two or three years, leaving the smaller timber and undergrowth and refused waste in such a shape as to make it almost impossible for man to penetrate it with anything like satisfaction, even though he be fond of the chase or the glories in angling for the numerous bass that inhabit old Captina creek, that wends its way through this vast forest.

A number of the farmers in the vicinity of Raven Rock have been losing their shoats, and occasionally a calf will be found missing. A few times parts of these have been found, which conclusively showed that they had been eaten by some animal. Screams as if issuing from the lungs of a panther, have been heard for some time, but not till recently did the people believe the report of a foreign animal inhabiting that section. A. M. Lucas was the first to sight this animal's lordship, and had it not been for the fleetness of the horse that he was riding he would not be living to tell the tale. Since being seen by Mr. Lucas quite a number of responsible farmers have testified to seeing this strange being of the forest of peaceful Belmont county.

E. C. Ward, a school teacher of Wayne township, was lucky, or unlucky enough to sight him at a distance the other evening.

So great is the excitement that the Alledonia Rifle club and the Quincy Rifle club, of St. Clairsville Junction, who, with the local nimrods, led by Whetzel Moore, of Capina, have now determined to capture the "man eater," as they term him, or spend the week in search of his rendezvous from which he is terrorizing the people into an insane fear that keeps every one at home after the shades of night begin to fall. The supposition is that this animal has escaped from some show and located in this much to be desired place.

NERVOUS HEADACHE BREEDS INSANITY

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief found. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. George Hall, of No. 389 West Market Street, East Liverpool, Ohio, says: "I was bilious—had nervous headaches, hard and constant—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed as the biliousness overcome—the headaches cured and bodily and nerve strength furnished."

Will Manufacture Mosaic Work.

Wheeling, May 27.—The perfection of the American Mosaic Brick and Tile company was accomplished at a meeting here, with Eugene Kelly, Detroit, president; Paul McCoy, Fairmont, treasurer, and L. W. Hagg, Jackson, Mich., secretary, present. The authorized capital stock will be $500,000. The scheme of the company is to locate plants all over the United States. Mr. Kelly states that the company will construct their first plant in Wheeling. The process is a chemical one and it is necessary to have a kind of sand found only in Michigan to make them.

President Encounters Bad Weather.

Spokane, May 27.—President Roosevelt doubled back into Washington from the Couer d'Alene mining camps of Northern Idaho. The party encountered inclement weather in the mining towns. The greatest crowds ever gathered in Spokane greeted the president. After a long drive through the city the president spoke to the people of Spokane and surrounding country. The president's train left in the evening for Montana.

BOY FUGITIVE LANDED IN JAIL

Attempts to Murder Mother for Giving Testimony Against Him—Escaped from Reform School.

Cameron, W. Va., May 27.—Frank Marshall was brought to Moundsville and confined in the jail to await the action of the grand jury on the charge of attempting to kill his mother. Marshall is not yet 18 years of age and has a bad criminal record.

Marshall is an escaped inmate of the reform school at Pruntytown. He was sent there two years ago from Benwood for the same charge he is now held for—attempting to cut his mother's throat with a razor because she reproved him in some manner. He turned up at his home and decides to avenge himself upon his mother for her testimony against him when he was convicted previously. He watched his chance and drew a revolver and fired several times at his mother, but neither shot took effect, and before he could reload his gun the neighbors had became aroused by Mrs. Marshall's cries and hurried to her assistance.

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is to-day a well man, hale and hearty. He writes straight to the point:

DR. DAVID KENNEDY,
Dear Sir:—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.
WM. J. HARVEY.

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears.

For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

It is for sale by all druggists in the ***New 50 Cent Size*** and the regular $1.00 size bottles—less than a cent a dose.

Sample bottle—enough for trial, free by mail.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

Western Union Appeals to Court.

Wilmington, Del., May 27.—Judge Bradford, in the United States court granted the Western Union Telegraph company a temporary order restraining the Pennsylvania Railroad company from removing the wires or poles on the Maryland and Delaware divison of the railroad. The case will be argued on June 19.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Now Out of Danger—The little son of H. R. Thompson, who came so near being killed by a fall on Sunday night, is recovering and will not be left with any permanent injuries. The lad's escape from death was little short of miraculous. He fell from a high porch and alighted upon his back and shoulders. A physician was called and made the little fellow comfortable, but it was several days before it could be positively stated that he was out of danger.

All barber shops will be closed on Friday, May 29, at 8 p. m. On Saturday, Decoration day, at 12 o'clock, noon. 124-r

WHITE AND JETT IN SAME JAIL

Guarded by Militia—More Troops May Be Ordered to Jackson.

Jackson, Ky., May 27.—The capture of Tom White and the return of Curtis Jett to Breathitt county were the events on which chief interest focused. The question of whether more troops are needed is agitating the minds of many. While nothing has occurred to arouse apprehension there have been suggestions that do not make all feel secure. The authorities feel that if more troops shall be needed they will be badly needed and that any emergency will be abrupt.

Tom White was arrested at the home of his mother, 18 miles from here, at daylight by a squad of soldiers under Deputy Sheriff Little, who made the arrest. The house was surrounded and White called out. When he reached the fence the warrant was read, and accompanied by soldiers he returned to the house and dressed. At the advice of his attorney, Judge John Noble, he declined to make a statement.

Elisor B. J. Little and 12 soldiers went to Winchester and the order for Jett was honored by Judge Benton. He was placed in irons and arrived here and was committed to jail. He has employed B. F. French, of Winchester, for counsel. An effort will be made by his attorney to get a change of venue. If this fails he will endeavor to have the jury summoned from outside of Breathitt county.

Judge Redwine issued an order placing the jail under militia control and Jailer Spencer turned over the keys to Colonel Williams. Jett and White were not allowed to converse with one another and occupy separate cells. White's attorney was denied the privilege of talking with Jett.

SOCIAL EVENTS

New Century Club.

The members of the New Century club, who during the past year have figured conspicuously in the literary workers of the city, enjoyed their last meeting on Saturday afternoon at the Newell home in Chester. The object of the gathering was not for literary research, but as a fitting close for the year's work and the afternoon was enjoyably spent in social exchange, as the party betook themselves to the woods and there spent the hour in admiring the beauties of nature. A dainty luncheon was served and the afternoon was replete with pleasure.

The Elks Entertain.

The Elks last evening entertained a large number of their friends at a delightful dance at Rock Springs park. The hospitality and good will with which the Elks greeted nearly 400 friends was unlimited. McGraw's full orchestra furnished the music for the dances, and the program for the evening was fully enjoyed. During the winter months the Elks gave a number of delightful dances in the lodge rooms, in the Knowles block, but this entertainment was probably more enjoyable than any social function given by the Elks during the winter.

Delightful Picnic.

The members of Supt. R. E. Rayman's Sunday school class of the First Presbyterian church enjoyed a most delightful picnic and summer outing at Rock Springs park yesterday evening. Between 75 and 80 members of the class attended and the entertainment was enjoyable for all. The ladies of the class took basket lunches and the party partook of refreshments in the old fashioned picnic style. The meeting of Prof. Rayman's large class was one of the most delightful since last fall.

Dinner Party at Lisbon.

Lisbon, May 27.—(Special.)—Miss Hannah Speaker gave a 5 o'clock dinner party to a large number of ladies last evening. The out-of-town guests were Mrs. George Evans, of Canton, and Mrs. Hal Aten and Miss Bessie Aten, of Wellsville.

White Man Believed Guilty.

Lawrenceburg, Ind., May 27.—While the sheriff and deputies and many farmers are still scouring the country for the murderer of Rosa Kaiser, it is now believed that the assault on both Rosa and her father was by a white man and not by a negro and that revenge instead of robbery was the motive. A relative is under suspicion, but the name of the accused could not be learned.

To Investigate American Systems.

Vienna, May 27.—The minister of commerce is sending to the United States experts and officials of the Austrian postoffice to investigate the American telegraph and telephone systems. They will arrive in New York early in June and will visit all the commercial centers.

250TH ANNIVERSARY

Of Establishment of Municipal Government in New York City.

WHOLE CITY GAILY DECORATED

General Wilson Delivers Address of the Day and Is Followed by Secretary of War Root—Other Prominent Men Speak.

New York, May 27.—New York officially commemorated the 250th anniversary of the establishment of municipal government in New Amsterdam, afterwards called by force and treaty by Holland and England, New York. The whole city was gay with bunting. The city hall, where the main exercises were held, and city hall park were the center of attraction, the decorations there being especially elaborate. In the public schools half a million children took part in special patriotic exercises.

Mayor Low presided over the ceremonies at the city hall. The invocation was pronounced by the Rev. Cornelius L. Wells, pastor of the Dutch Reformed church of Flatbush, the oldest church of that denomination here. Mayor Low delivered a brief address, referring especially to the city's marvelous growth and the open handed charity of the people.

"Our special pride," said he, "is that we are an American city and our chief ambition is to show how the greatest American city can best serve the world."

General James Grant Wilson, of the New York Historical society, delivered the oration of the day and was followed by Elihu Root, secretary of war, who prefaced his remarks with a letter from President Roosevelt

SETH LOW.

After expressing his regrets at his inability to be present, the president wrote:

"The changes in New York city during the 250 years which have just elapsed are such as could be paralleled nowhere else in the world. We now have in New York the second largest city of the world, and it is no idle compliment to you and those associated with you, Mr. Mayor, for me to say that there is no other city here or abroad of whose governing officials its people have more just reason to feel proud."

In his address Secretary Root said: "The people of the city are able to show their capacity to govern themselves—slaves to no ruler and to no party. The men who 250 years ago founded this municipal government were sound and wholesome men, and their spirit of freedom, of toleration, of civic pride and good citizenship survives, permeating the whole increasing mass of the great metropolis. I am proud to come back from the councils of the nation to my own home; proud to be a citizen of New York."

Addresses were also made by Governor Odell, Judge John Clinton Gray, of the state court of appeals; the Rev. H. Pereira Mendes, rabbi of Congregation Shearith Israel, and Bishop Henry C. Potter, of the Protestant Episcopal diocese of New York. The Right Rev. John M. Farley, archbishop of New York, pronounced the benediction.

THE SECRETARY JOKES BY CABLE

Root Pokes Fun at Governor Taft at Good Safe Distance.

Washington, May 27.—Manila papers publish the cable correspondence between Secretary Root and Governor Taft, of the Philippines, during the time when anxiety was felt here concerning the health of the governor. Governor Taft went to Benguet and in answer to a cable April 15, concerning his condition, he answered that he "stood the trip well; rode horseback 25 miles."

The next day Secretary Root sent the following:

"Referring to your telegram of April 15, how is the horse?"

Governor Taft weighs about 250 pounds and Secretary Root could not resist the temptation to make the jocular inquiry by cable.

$4,000 for Kishenev Hebrews.

Baltimore, May 27.—Dr. Harry Friedenwald, who has charge of the contributions for the relief of the Kishenev sufferers, sent by cable $4,000, or 20,575 francs, to M. Narcisse Leven, the president of the Alliance Israelite Universelle, at Paris with instructions that the money is to be used for the benefit of Kishenev Hebrews only.

Severe Fire in New England Town

Laconia, N. H., May 27.—Nearly 100 buildings have been burned, 350 persons made homeless and a loss of between $350,000 and $400,000 as the result of a fire in the Lake Port section, the area burned over being about 150 acres. The fire started in a boiler room of the H. H. Wood hosiery mill.

TEDDY WISHES ENDORSEMENT

Of Republican State Convention and Senator Hanna Will Offer No Opposition.

Cleveland, May 27.—Senator Hanna has decided to offer no further opposition to a proposed resolution in the coming Republican state convention endorsing the candidacy of President Roosevelt for another term. Senator Hanna makes the following statement:

"I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention and I have telegraphed the president to that effect."

Senator Hanna positively declined to further discuss the subject, insisting that the brief statement fully covers the situation.

It is the general belief, however, among those close to the senator that he still doubts the advisability of the adoption of a resolution endorsing President Roosevelt's candidacy by this year's convention. But, it is pointed out, that in deferring to the president's judgment and expressed wishes Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

Presbyterians Discuss Home Missions.

Los Angeles, May 27.—The subjects of home missions and aid for colleges occupied the two sessions of the Presbyterian general assembly. Both reports were productive of long and interesting debate. The notable speech of the day was made by Rev. Charles L. Thompson, of New York. His denunciation of Mormonism was especially strong, and every sentence was greeted with applause from the assembly and the gallery. The entire afternoon was taken up with the discussion of the report of the special committee on aid for colleges.

Flood Situation at Salina.

Salina, Kan., May 27.—This city is the scene of the worst flood in its history. Fully 100 families have been driven from their homes and the extent of the damage is estimated at hundreds of thousands of dollars. Another rain has fallen, making four inches of rain within the last 24 hours. The northwestern portion of the city is entirely submerged and women and children were rescued from their homes in boats. The Missouri Pacific grade on the west is holding back a large and threatening body of water. If the water shall cross the tracks the entire western portion of the town will be under water. A passenger train on the Lincoln branch of the Union Pacific is held between two washouts two miles north of here. The passengers were brought here on handcars. As far as the eye can reach the wheat fields have been transformed into a great lake. Crops are ruined and homes deserted.
